THE CAPITAL.

[By Telegraph to the Pittsburgh Gazette.]

WASHINGTON, June 28th, 1869.

CUBAN MATTERS.

For some days several prominent Cubans, holding official relations to the revolutionary government of Cuba, have been in Washington and had interviews with the President and several members of the Cabinet and prominent Senators, and the assurances given them of sympathy with the Cubans in their struggle, rendering practical aid to the cause, gives their representatives in this city much satisfaction. They state that a government agent will be sent to ascertain the strength and prospects of the revolutionists, and if favorable, in their opinion, the belligerent rights of the Cubans will be recognized by the government.

INTERNATIONAL LABOR EXHIBITION.

It has been officially announced by the British Minister at the Capital, that an international exhibition of the products of workmen's labor will be held in London in 1870, and Mr. Thornton has been requested to make the matter known to the citizens of the United States, which he will proceed to do when more fully advised in regard to details. The great aim is to develop personal labor throughout the world.

CANVASS IN VIRGINIA.

The political parties in Virginia are making increased efforts in the canvass, and there will be a close contest. Gen. Van Wickleff, of New York, starts tomorrow for Fredericksburg, Richmond and other places, to make speeches for the Wells ticket, by invitation of the Republican State Central Committee.

VARIOUS MATTERS.

Second Lieutenant W. H. Bower and Captain F. A. Field, U. S. Army, are ordered to duty as Indian Agents.

The Naval officers, headed by Vice-Admiral Porter, paid their respects to the new Secretary of the Navy this morning. The clerks were introduced, to whom he said, owing to the favorable reports made to him, he saw no reason for making changes among them.

The President has appointed Major John Hay, of Illinois, Secretary of Legation to Spain. Major Hay was Assistant Private Secretary to the late President Lincoln.

Internal Revenue receipts to-day were $1,191,010.

Commissioner Delano telegraphed today to Collector Nixon, of the Sixth Kentucky District, that on notice to this office that all taxes are paid and stamps affixed to all spirits in class B house, and that no other bonded goods remain therein, the house will be discontinued and the spirits allowed to remain.

Judge Emory has been appointed Supervisor of Internal Revenue for the District of Tennessee, in place of Major Noah, resigned.

Eleven clerks in the Second Auditor's office were removed to-day, and twenty new appointments made in that office. Twenty three female clerks have been discharged from the Postoffice Department.

CHICAGO.

Removal of Railroad Offices—Damage by Storm to Railroads and Crops—Telegraph Operator Injured by Lightning—The Case of Rev. Dr. Cheney.

[By telegra h to the Pittsburgh Gazette.]

CHICAGO, June 28.—On the 1st of July a majority of the officers of the Michigan Southern and Lake Shore Railroads will be transferred from Chicago to Cleveland. This is rendered necessary by the consolidation of the two roads. President Phillips, of the combined road, will remain in this city.

From all quarters of northern and central portions of Illinois, and from Iowa, Wisconsin, Michigan and Indiana, come details of disastrous results of the late storm. Rivers, sloughs, &c., are full of water, while the low lands are nearly covered. Nearly all the railroads centering at Chicago suffered to a more less extent by the destruction of bridges, sinking of tracks, and in some instances travel has been suspended.

At Pontiac, Illinois, John McGregor was drowned yesterday while attempting to save his property. The corn crop has undoubtedly suffered considerable injury from the wet weather. Wheat will suffer in many places by rank growth. The rust in some places has made its appearance, but the crop of wheat will be large notwithstanding some drawbacks.

Rev. Dr. N. L. Rue, of New York, has received a call to the South Presbyterian Church of this city, and will probably accept.

H. L. Raymond, night operator at Dixon, Ill., telegraph office, while at work in his office was struck by lightning, badly injuring him and burning his clothes off.

Two workmen named Fred Garside and August Doper were killed this noon at the Prairie Du Chien Depot, Milwaukee, by the falling of the roof of the railroad dry kiln.

A meeting of the Wardens and Vestrymen of Christ Church, Rev. Dr. Cheney's, was held Saturday night, at which the following preamble and resolutions were adopted:

WHEREAS, Our said Rector has the unqualified confidence of his vestry and people; that in all his ministerial acts and doings he is guided by a prayerful and conscientious regard for his duty as a minister of Christ in his visible church, and is entitled to our support; it is therefore

Resolved, By the Wardens and Vestrymen of Christ Church, in full meeting assembled, That in view of all the circumstances, the omissions constituting the offense charged against said Rector, even if true, do not, in the opinion of the vestry, involve any matter of doctrine or worship, and that we do not regard the same of sufficient moment or importance to make it necessary on the part of the diosesan authority to institute and carry forward a presentment therefor, and thereby disturb one of the largest and most prosperous parishes in the northwest.

Resolved, That we hereby tender our Rector our full sympathy and promise him in the future, as in the past, our cordial and hearty support.

NEW YORK CITY.

Robbery of the Ocean Bank—The Frustrated Cuban Expedition.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, June 28.—On the 12th inst. a man named Lewis K. Cole, representing himself as an agent of a Chicago Life Insurance Company, rented a portion of the office in the basement of the Ocean National Bank. The only piece of furniture he put in, besides a desk, was a large, high case. Yesterday noon the Janitor of the bank found everything safe, since when a hole was cut through from the basement to a back office of the bank by burglars, who, with a large quantity of fine tools, which they have left behind them, forced and blew open several safes, emptying them of their contents. Everything was found in confusion this morning. The bank officials state that only about $20,000 in government bonds belonging to the bank have been stolen, the thieves leaving a bag containing $20,000 in gold on one of the safes, and over $120,000 in gold certificates, and clearing house exchanges for $30,000 untouched. The securities, deposited in the bank by customers, and about $20,000 worth of checks, were carried off by the burglars.

The amount of private deposits stolen from the Ocean Bank is stated by the bank authorities not to exceed a quarter of a million dollars. The bank is not responsible for these losses, which are mainly, if not all, bonds. A reward of $4,000 is offered for the return of those taken belonging to the bank itself, being twenty five-twenties of 1867, $1,000 each, four five-twenties of 1862, $500 each. The affair is in the hands of the detectives.

There is little additional information as to the frustrated Cuban expedition. The men who were to have gone on the Catharine Whiting are probably hiding on Long Island and up North River. Rumor says another expedition is being fitted out in Long Island Sound. The rendezvous is said to be in the vicinity of Lloyd's Neck. Other reports say the Catharine Whiting's expected passengers were landed at some point to prevent straggling, and in the hope that another vessel will be ready to take them tonight. Marshal Barlow has taken steps to ascertain their hiding place and prevent the departure of any hostile expeditions in future. The Whiting is closely watched by two revenue cutters.

Doctors McNulty and Duboise, indicted for connection with the Cuban expeditions, have been set at liberty on their own recognizance.

The bark G. S. Brown was run down and sunk in Long Island Sound this morning by the Fall River steamer, which was but slightly damaged. The crew were saved by the steamer.

The yatch Dauntless finally went to sea to-day bound for Europe.

Three Wall street brokers have been arrested, charged with having received stolen goods, consisting of the bonds taken from Park Savings Bank, of Brooklyn, last February. They were admitted to bail.

Upwards of one hundred sailors were sent from the navy yard to Philadelphia to-day, to be placed aboard the navy vessels fitting there for sea.

Four deaths from sunstroke occurred to-day.

The steamers Perriere and Queen, from Europe, arrived here to-day, the former in nine days from Brest.

The steamers Russia and Colorado, from Liverpool, the former nine and a half days from Liverpool, arrived to-night.

During the storm of yesterday much damage was done to houses in this vicinity. The Seaside House, at Rockaway, was struck by lightning and eight persons stunned, being only restored with great difficulty. A boat containing three men was upset near Whitstone, Long Island, one of the men instantly killed and the others stunned and only saved at hazardous risk.

The Canvass in Virginia.

[By Telegraph to the Pittsburgh Gazette.]

RICHMOND, VA., June 28.—The Conservative General Committee has determined not to allow General Canby's opinion to influence the course of the party. The present candidates, all of whom are eligible under the Fourteenth Amendment, will be kept in the field. They say the iron clad will never be presented in a practical form.

Chief Justice Chase, while here, expressed the opinion that there was no authority in the laws of Congress to exact the iron clad oath of members of the Legislature. Chief Justice Chase left for White Sulphur Springs this morning.

Latest News from Cuba.

[By Telegraph to the Pittsburgh Gazette.]

HAVANA, June 27.—Accounts have been received from Spanish sources of a fight between government troops, escorting a train of supplies, and rebels, on the road between Puerto Del Padre and Las Tunas. The insurgents attacked the Spaniards and endeavored to capture the train, but were unsuccessful.

Rains were incessant in the interior and vomito is spreading.

Reports have reached Havana that Ex-President Cabral captured the town Azua, on the southern coast of St. Domingo, near which place he recently landed.

Michigan Central Railroad Meeting.

[By Telegraph to the Pittsburgh Gazette.]

DETROIT, June 28.—At the annual meeting of the stockholders of the Michigan Central Railroad, to-day, the following gentlemen were elected directors: James F. Joy, Detroit; John W. Brooks, Nathaniel Thayer, Jno. M. Forbes, Sidney Bartlett, Boston; Edward Jones, Geo. T. Talman, Moses Taylor, New York; Erastus Corning, Albany.

Southern Railway Progress.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, June 26.—Bands of music paraded and canons fired all day in consequence of the vote on the Southern Railroad. The vote for the appropriation was pretty full, and it is probable ten for to one against. Returns nearly complete show 15,000 votes for, and 1,500 against the construction of the Southern Railway.

Heavy Freshet in Canada.

[By Telegraph to the Pittsburgh Gazette.]

WATERLOO, CAN., June 28.—The heavy rains yesterday gave rise to another great freshet, equal to that early in the spring. Five mill dams that stood fast then have yielded to the present freshet. A large number of bridges have also been carried away. The damage to farm prospects is very considerable.

FRANCE.

PARIS, June 28.—The Emperor yesterday visited the city of Beauvais and was received with enthusiasm by the people. The Mayor and Bishop of Beauvais received the Emperor at the city gates and conducted him to the Hotel de Ville, where they presented addresses of welcome. His Majesty, in reply to the Mayor's speech, returned thanks for the welcome he had received from the municipality and people. He reminded the Mayor of his presence in the city at the inauguration of the statue of the heroine Jean Fougnet La Hachette, eighteen years ago. He was pleased to see the progress which the city and department of which it was the capital had made since that period in agriculture and industry. He declared that this prosperity was mainly due to the order which for the past seventeen years had reigned in France, and he was certain that this condition of order would never be seriously disturbed.

In response to the Bishop of Beauvais, the Emperor said the addresses of Bishops, couched in the language of piety, were always received with deference. If his prayers were heard, religion would be honored by a happy people, and France would be great and prosperous.

Henri Rochefort, editor of the *Lanterne*, has been convicted of a charge of illegally introducing that journal into France, and sentenced to three years imprisonment and to pay a fine of 3,000 francs. To these penalties is added forfeiture of his rights of citizenship for three years, including the right to vote in any election or to occupy a seat in the Corps Legislatif.

Messieurs Limonsin and Jourdan, editors of the *Siecle*, have been fined five hundred francs, and each editor of the *Opinione Nationale* has been condemned to one month's imprisonment, with a fine of five hundred francs, all for violations of the press law.

BREST, June 28.—Up to last evening the Great Eastern made 697 knots from Brest and paid out 775 knots of cable. There has been no fault whatever in the cable. The interruption noted a few days ago is now ascertained as owing to imperfections in land connections. The signals are perfect and all are well.

PARIS, June 28—*Evening*.—The session of the Corps Legislatif was opened today. The Emperor was not present, and M. Rouher, Minister of State, made the opening speech. He said the Chamber was convoked to verify its authority. The renewal of the Corps Legislatif by universal suffrage afforded a natural opportunity for the nation to express its thoughts, aspirations and wants, but the polical results of that manifestation should not be recipitate. The Government would present resolutions and projects of law in order to realize the wishes of the country.

Editorial articles appear in the *Moniteur* and *Pays* to-day on the sale of the Danish West India Islands to the United States. The two journals concur in declaring that honor and self-interest alike demand of the the American Government the faithful execution of the treaty concluded with Denmark.

GREAT BRITAIN.

DUBLIN, June 28.—Large meetings were held yesterday in various parts of Ireland by those in favor of the release of the Fenians. At the Cork meeting, five thousand were present; at Dublin, two thousand. Similar meetings were held at Limerick, Ennis and Drogheda. In all cases strong resolutions were passed.

LONDON, June 28.—The *Times*, to-day, has an article reviewing the policy of the United States Government in dealing with the Indian tribes. It praises its patience and forbearance in the past, and believes the course the Government is now driven to adopt to be unavoidable. "No terms of peace," continues the *Times*, "are practicable with unmitigated and, for the most part, irreclaimable savages. They must disappear, or the American nation will be checked in its growth and progress."

LONDON, June 28.—In the House of Commons to-night Mr. Low, Chancellor of the Exchequer, announced that Her Majesty's Government intended to propose quarterly payments of interest on public securities.

LONDON, June 28.—The House of Commons have passed the bankruptcy bill to a third reading.

In the House of Lords to-night Baron Westbury gave notice of an amendment to the Irish Church bill, granting out of the present revenues two millions sterling to the Catholics, one million to the Presbyterians and the balance to the Irish Church. The Queen gave a public breakfast in honor of the Viceroy of Egypt this morning at Buckingham Palace.

LIVERPOOL, June 28.—According to official report 2,800 emigrants left this port for America last week.

ITALY.

ROME, June 28.—The Pope delivered an allocution yesterday, in which he reviews the condition of the Church in Italy and other countries. He deplores the Italian law, subjecting clerical students to military conscription, as an infringement of the immunities, rights and liberty of the Church. He dwells on the evils afflicting the Church in Austria and Hungary, and on the complaints of Bishops in those countries. The event in Spain gives cause for sadness and mourning. The zeal of the Bishops in Poland, unterrified by Russian persecution, is a source of consolation. The allocution concludes with these words: "Let the enemies of Christ consider the fate of his enemies. Let us pray that they may be restored to the path of justice and that the church may be crowned with fresh triumphs."

FLORENCE, June 28.—A slight shake of earthquake was felt in Bologna today.

SPAIN.

Arrival of Gen. De Rodas—He Proclaims His Policy in Three Words, Spain, Justice and Morality—Execution of Fillibusters—Various Reports.

[By Telegraph to the Pittsburgh Gazette.]

HAVANA, June 28.—Gen. Caballero de Rodas arrived in the harbor this morning. He brings with him a force of nine hundred regular troops. The volunteers have assembled and are making preparations to receive the new Captain General. He will land at noon.

HAVANA, June 28—*Evening*.—Captain General De Rodas landed at eleven o'clock this morning. He was quietly received, with only the customary ceremonies. As soon as the Captain General was installed in the Palace he issued a proclamation. He says the platform of his line of conduct is embraced in three words, "Spain, Justice and Morality." He thanks the volunteers for the services they have rendered in the cause of order, justice and public rights, and tells them they ought to feel proud of their past action. He closes with an allocution to the army and navy.

The *Diario* publishes an article full of usual compliments for the new Captain General. The *Prensa* mentions the fact of General De Rodas' arrival in a brief article. The *Voce de Cuba* approves of the proclamation in every respect and hopes De Rodas will act here as he did at Malaga and Cardis.

The insurgents, 1,000 strong, attacked an encampment containing the garrison of Sabana Nueve, near Puerto Principe, on the 20th inst., and captured the entire force, some 80 men. Gen. Letona rallied from Puerto Principe to their succor, but arrived too late. He found the rebels had destroyed the encampment and left four Spanish soldiers dead on the ground. Gen. Letona returned to Puerto Principe on the 21st.

The *Prensa* to-day acknowledges that the news lately received from Puerto Principe, Nuevitas and Gibana is unsatisfactory.

Advices of the 21st have been received from Santiago. A number of fillibusters who landed from the schooner Grapeshot, and subsequently fell into the hands of the troops, had been executed there. Among them were Charles Speakman, of Aurora, Ind., Albert Wyth, of New York, Carlos Quenones, Martin Sustez and Havene Esteoz. Three fillibusters, named Pedro, Haidez, Josepna and Gregario Rodrienez were shot on the 12th inst. near Guantanamo.

Reinforcements left Nuevitas on the 24th for Puerto Principe. Gen. Escalante is sick.

The general headquarters of the insurgents are established on the Elercado plantation, and it is reported the Cuban Generals Quesada, Valdez, Castillo and Bembeta have met there and united their forces.

Col. Benegassish has arrived here in bad health.

The cholera continues in the towns of the interior.

A report says the majority of the men who landed from the Perit and from other vessels have either been killed by troops or died from disease.

General Ferrer remains at Puerto del Padre.

The insurgents have burnt Ataloya Plantation, owned by Colonel Albear. Several skirmishes are reported in various parts of the Island, resulting favorably for the Government troops.

Sugar firm, business light and prices unchanged.

Railway Opening.

[By Telegraph to the Pittsburgh Gazette.]

LOUISVILLE, June 28.—The new air line railway between Cincinnati and Louisville was formally opened to the public to-day. The trains from Cincinnati arrived here on schedule time, making the distance in five hours. Cincinnati papers of to-day's date were circulated about the city at noon. Every one pronounces the road among the most substantial and safest in the country. The Mayor and members of the general Council will leave in a body at nine A. M. to-morrow, by the newly opened road, to make a short visit to Cincinnati.

Finances of Nashville.

[By Telegraph to the Pittsburgh Gazette.]

NASHVILLE, June 28.—Receiver Boss gave his bond to-day, and was inducted into office. No opposition was made on the part of the city auditors, who surrendered on demand. The Receiver will have charge of the city until the annual municipal election in September.

—Accounts from Cuba state that cholera is very fierce among the Spanish troops, who are suffering for medicines and food, their communication being cut off by patriots. Reinforcements have been driven back with a heavy loss. The town of Palmedas has been captured from the Spaniards, with their provisions and arms.

CITY AND SUBURBAN.

THE COURTS.

Quarter Sessions—Judge Stowe.

MONDAY, June 28.—Jacob Klein was indicted for illegal liquor selling. The jury returned a verdict of not guilty, and directed the county to pay the costs.

The cases of the Commonwealth vs. Frank and M. McDevitt, and the Commonwealth vs. Daniel Wilkeson, were next taken up. The former were charged with aggravated assault and battery, and the latter with assault and battery. The cases were tried together, and the jury returned a verdict of simple assault and battery. Wilkinson was sentenced to pay a fine of $10 and costs of prosecution, and the McDevitt's a fine of $1 each and the costs.

Commonwealth vs. Eliza McNutt, indicted for the larceny of a silk sacque, valued at eight dollars, Josaphine Woods prosecutor. Verdict of guilty. Remanded for sentence.

Thomas Morgan, indicted for illegal liquor selling, was called, and failing to answer, his recognizance was forfeited.

The Soldiers' Monument—Meeting of the Citizens of Pittsburgh Called by the Mayor in Response to Public Request—The Monumental Committee Endorsed and the Monument Claimed for Pittsburgh.

In pursuance of a call issued by Mayor Brush, for a public meeting of citizens opposed to the selection of the Allegheny Cemetery for the proposed Soldiers' Monument, there assembled last night at Wilkins Hall a goodly number of gentlemen. Capt. W. B. Cook called the meeting to order by nominating John Wilson, Esq., as Chairman, and on motion of Thos. Bigelow, Esq., W. B. Neeper was elected Secretary. On taking the chair, Mr. Wilson explained the object of the meeting in the absence of any of the gentlemen originating the call, who a wag remarked were all at home in Allegheny. On motion, a committee was appointed to draft a set of resolutions expressive of the sense of the meeting, which the Chair appointed as follows: Messrs. J. W. Keeler, H. W. Oliver, W. B. Neeper, S. W. Reynolds and T. P. Houston. The Committee retired and soon after returned with the following resolutions:

Resolved, That we endorse the action of the Councils of our city in appointing a committee to provide some suitable location for the Soldiers' Monument, acceptable to the Monumental Committee, who are hereby respectfully requested to reconsider their former action in locating said monument, inasmuch as that action has been taken by those charged with the best interests of the city.

Rssolved, That we recognize in the members composing the Monumental Association ladies eminently patriotic and upright in their intentions, and deprecate all the attacks made on their motives through the press, of the city, by correspondents.

Resolved, That while we pay due deference to the claims of our sister city on the north side, and the boroughs on the south side, to have the Soldiers' Monument in their respective localities, yet we firmly maintain that the monument should be built in the *City of Pittsburgh*, so that a population of one hundred and fifty thousand people should not be compelled to cross toll bridges and visit an outside corporation to view a work created mainly through their own exertions.

Mr. Keeler stated that he dissented in the adoption of the third resolution, but was overruled in the Committee.

The resolutions were adopted without further discussion, with but one dissenting vote and amidst general enthusiasm. The meeting then adjourned.

The Monument.

PITTSBURGH, June 28, 1869.

EDITORS GAZETTE: I have taken a deep interest in the site to be selected for the "Soldiers' Monument," and hope that the one to be chosen will reflect credit on our good old loyal city. In a conversation had this morning with a member of the Building Committee of the Association, I was assured that the Association desire to meet the wishes of the people in regard to the site, and that if the citizens will only designate *the* spot, anywhere in the city, the Association will adopt it. The writer's individual preference is for either the lot in front of the Court House, or the tract of land known as the *Point*.

Sale of the Knox Property, Corner of Fifth avenue and Market street.—This property, about the most valuable of its size in the city, will be sold on next Wednesday, by J. W. F. White, Trustee. We invite the attention of our monied men to it.

Wedding at Rock Island.

On Tuesday last a brilliant wedding occurred at the residence of Gen. T. J. Rodman, at the U. S. Arsenal, Rock Island, Illinois, the bride being the handsome and accomplished daughter of Gen. R., and the groom Lieut. William P. Butler, of the Ordnance Corps, U. S. A. The Davenport *Gazette* of the 24th inst., gives the following description of the happy event: Yesterday morning's *Gazette* briefly announced the marriage of Miss Florence Rodman and Lieutenant William P. Butler, of General Rodman's staff, which took place on the Island on Tuesday evening. It was one of the most brilliant and happy wedding scenes ever witnessed in this portion of the West. Rev. Mr. Holcomb, Rector of Trinity Church, Rock Island, officiated. The ceremonies took place on the lawn adjoining General Rodman's residence, amidst the beautiful draperies and sylvan associations of the forest, and the sweet offerings of the floral world. About two hundred invited guests were present, among them friends of the parties, from New York, Boston, Pittsburgh, Louisville, St. Louis, Chicago and Milwaukee, with several ladies and gentlemen from Davenport. The scene was one of the most romantic character. A detachment of troops numbering one hundred in dress uniform, were drawn up in the hollow square surrounding the guests on the lawn. At precisely seven o'clock the bridal party left the house and entered the square, forming an are in the centre. The following are the names of the bridesmaids and groomsmen:

Miss Mary McClelland, of Pittsburgh.
Miss Lizzie McClelland, of Pittsburgh.
Miss Bettie Black, of Pittsburgh.
Miss Alice Allyn, of Boston.
Lieutenant Metcalfe, of Gen. Rodman's staff.
Lieutenant Shaler, Assistant Professor of Chemistry, West Point Academy.
Lieutenant Davis, U. S. Engineer Corps.
Lieutenant Rodman, 20th U. S Infantry.

Each groomsman was in the full uniform of his military rank.

The service was the solemn and impressive form of the Episcopal Church, and the bride was given away by her father, General Rodman. The bride was attired in a white corded silk, richly and tastefully embellished with point lace and completely covered by an exceedingly beautiful veil of gossamer *tulle*, which suspended from a wreath of delicate orange blossoms, ornamented the head. Possessed of an unrestrained ease, simplicity and animation of manners, chastened by refinement, and of graceful, dignified figure, she appeared to all present the crowning object of admiration. Her dark hair hung in clustering ringlets across a high, open, intellectual forehead. Her dark and exquisitely soft eyes, striking in their brilliancy, bespoke intellect, high culture and elevation of character. A more beautiful bride is rarely seen. The groom was dressed in full uniform. Of tall, commanding appearance, with a countenance which evidenced natural elevation of character, he seemed worthy of so noble a bride.

The reception immediately followed the ceremony, when the happy couple were tendered the greetings and congratulations of their numerous friends. A sumptuous collation was served in the most *recherche* style at the residence of the bride's parents. The splendidly arranged tables, the ladies in their beautiful tollettes, the sweet music of the inimitable Strasser—combined to render the occasion a most delightful one.

The presents were numerous and very rich. Ornaments of gold and diamonds, solid silver ware, and other articles of beauty and utility, formed the rare collection, which testified of love and good wishes. We tender the happy couple our hearty congratulations. May the sky of their destiny ever shine in undimned brightness.

A Rare Opportunity for Property Buyers.

Business sites are hard to procure in Pittsburgh nowadays. The heavy rents which landlords demand and receive have inspired great desire on the part of renting merchants to secure places of their own. It is very rare that good chances are afforded to purchase desirable building sities, or buildings. Property is held high here now, but owing to the geographical situation of the town, which limits and confines trade to narrow boundaries, promises to increase with each returning year. We have to-day an advertisement on our fifth page, which announces the sale by auction of as desirable a Wood street piece of property as could be obtained. On the premises, at half-past two o'clock to-morrow afternoon, will be exposed at public auction, that very desirable piece of property, No. 100 Wood street street, having a front of twenty-four feet on Wood street and large depth, and having built thereon a well appointed and substantial business house of four stories, being now occupied by Messrs. Richard Breed & Co., the well known china and queensware merchants. We can conceive of no better opportunity for the purchase of a first class and desirable business place on a much traveled and first class wholesale and retail Nicholson paved thoroughfare. We advise our friends, business men and capitalists to be in attendance at the sale, as a great bargain may be anticipated, since property is destined in that section of the city to increase rapidly in value as the city expands.

The Soldiers' Monument.

At a regular meeting of Post 117, G. A. R., at their Encampment, East Liberty, June 25th, 1869, the following preamble and resolutions were unanimously adopted:

WHEREAS, A large amount of money has been raised for the purpose of erecting a Monument to the memory of our fallen comrades, we, as former soldiers, resolve

1. That we do most earnestly protest against the recent action of the Ladies' Monumental Association in deciding to place what is designated for a public memorial in a private cemetery.

2. That, since the funds necessary were contributed by citizens of the county, we respectfully urge the Association to reconsider its decision of June 19, 1869, and, laying aside local prejudices, place the proposed Monument in some public position, accessible to all who appreciate the services and love the memory of those who "died that the country might live."

The Pittsburgh Gazette.

ASCENSION DAY.

Upward with Thee!
Beyond the dim, thick mists of earth,
That blur each holy thought;
Beyond the griefs of mortal birth,
With restless murmurs fraught;
Beyond the weary days of toil,
Whose harvest seems but weeds;
Beyond the nights of heart turmoil,
When hope dies out in deeds.

Upward with Thee!
Bearing but meagre, ill-ripe sheaves,
As fruit of all our life;
Bearing dry and shriveled leaves,
Parched by human strife;
Bearing "the talent" hid by sloth,
Wasted, dead, abused;
Bearing "the lamp" our hands were loth
To trim, or light, unused.

Yet upward still with Thee!
Thy mighty, blessed Love forgives
The ill our years have wrought;
Thy arm uplifts each heart that lives,
To Thee by sorrow brought;
Thy mercies are the wings that bear
Our fainting souls to God;
Thy angels soothe all tears, all care,
Prints where Thy feet once trod.

Upward with Thee!
Above—O infinite release:
Thou bid'st us share thy rest:
No earthiness invades that peace—
Thyself crowns Heaven blest!
Above—to meet each long-lost friend
Death bore from mortal sight;
In Thee our spirit lives to blend
'Mid joy that knows no blight.

PENNSYLVANIA.

DANVILLE is to have a new militia company.

COLUMBIA had eight days of "Drummer Boy of Shiloh."

NEW BRIGHTON has a library association and a library of more than 1,000 volumes.

BRYAN'S circus was at Waynesburg last week and went from thence over to West Virginia.

THE Columbia rolling mill is idle and the machinery and engine are said to be going to decay.

BISHOP STEVENS is to administer confirmation in the Court House in Bedford on the first of July.

THE Atlantic and Pacific telegraph company are putting up a line from Ebensburg to Cresson.

COLUMBIA offers $500 reward for the detection of the rascals engaged in periodical incendiarism in that town.

A YOUNG man, named Alfred Ferguson, hung himself in his father's barn, in Columbia township, Bradford county, last week. No cause is known for the action.

MISS MARY PRESTON, of Indiana, has sued Mr. Frank Smith, of the same town, for breach of promise and seduction. Smith was arrested and released on bail.

A GERMAN named Wormwood, in the employ of Jonathan Hamilton, of Logan township, Blair county, committed suicide by hanging on Saturday evening last.

WE don't know but we agree with a a Pennsylvania paper which says the world would be happier if the so called "Fat Contributor" were actually the Fat non-contributor.

BISHOP DOMENEC lectured in Loretto on the 27th of June, on "Revealed Truths Mirrored in the Beauties of Nature." The new bell for the church was blessed by him on the same day.

THE Wilkesbarre *Record of the Times* mentions a rumor that all the coal miners of the anthracite region are "going out" again if the employés of the Pennsylvania words do so, and it is very probable that they will.

THE Odd Fellows of Monongahela City are to lay the corner stone of their new building on the 3d of July. A grand time is anticipated, as well as the arrival of large delegations from the neighborhood. Rev. Dr. Miller, of this city, will deliver an address.

THE Treasurer of the Erie county Medical Association is in a dilemna, the like of which is without precedent. He has in his hands a $300 surplus subscribed by citizens for the entertainment of guests, last week, and the amount is to be divided and given back, *pro rata*, to the donors.

THE Monongahela Valley *Republican* says: On Saturday evening several small girls attempted to cross the creek at Gregg's Riffle, slipped and were carried beyond their depth and like to be drowned. Three of them succeeded in getting out, but the other two would have perished except for the heroic conduct of our very young friend, Master Gottleib Gleason, who plunged in at the risk of his own life and saved theirs.

COUDERSPORT is a place in Potter county. Recently a young man went there from a neighboring village, and because he dressed neatly, wore a silk hat and kid gloves and smoked "five cent cigars," the Coudersport *Journal* had an article full of sarcastic allusions to his clothes, moustache and cigars. Forming our opinion solely by this article, we come to the conclusion that Coudersport is a smaller place and further off than any place we had ever imagined before.

MISS LIZZIE JENKINS, a pupil at the North Sewickly Academy, went to bed, on the 19th of June, and began to study her lessons there with a lighted candle, contrary to the express rules of the school. She fell asleep, the candle upset, and at one o'clock in the morning the whole house was aroused by her shrieks as she ran, a pillar, of flame, through the corridors. The flames were extinguished, and the unfortunate girl lingered in agony for thirty six hours, when she expired.

ON Saturday evening last, about dark, a young man named James B. Litcheberger, was shot, on the bridge between Greenfield and California, in Washington county, by a colored man, the ball entering the side near the small of the back, and still remaining in his person. The negro, we understand, was about California all the next day after the occurrence, the authorities of that burg erroneously supposing they had no right to arrest, bail or imprison a criminal *on Sunday*! —*Brownsville Clipper.*

A MAN named John Bolan, who keeps a saloon in West Newton, Westmoreland county, had a difficulty some time ago with a man named Evans, whom he seriously injured. Evans declined to prosecute his assailant, an condition that he would pay the doctor's bill and for lost time. On Thursday he came to Bolan and asked him for some money, which was refused. Words followed, but Evans finally repaired to the railroad station and sat down. He had only been there a few moments, when a brother of Bolan came up and struck him on the head with a handy-billy, fracturing his skull. Evans is not expected to recover. Bolan has been arrested and lodged in jail at Greensburgh.—*Uniontown Genius.*

THE Lancaster *Express* says that a very singular case of wakefulness has just been brought to our notice. A man named Joseph Herr, a cabinet maker, residing in Lampeter Square, and about sixty years of age, has not had a half hour's continuous sleep for nearly four years. The case was thus stated to us: About four years since, a daughter of Mr. Herr became ill, and Mr. H. watched by her bedside day and night, for six weeks, when she died. All this time he took no sleep, stating that he felt no desire for it. A few days after the death of his daughter he ran a nail into his foot, and this confined him to his bed for seven or eight weeks, not an hour of which time could he obtain sleep. After recovery from his wound he still failed to obtain rest from sleep, and so the matter continued to go on from week to month, and from month to year. His health has suffered and he complains of great debility. He applied to a leading physician of this city, who prescribed for him a strong opiate, but it had no more effect upon him, as he says, than a snap of his finger. He again applied to the same physician, requesting that the dose be increased. To this the physician objected, stating that it would be dangerous. He said he did not care, and another opiate was prepared strong enough, it is alleged, to put three or four ordinary men to sleep and never wake up again. This had no better effect than the first, and the physician refused to administer any more doses of that kind, and advised his patient, as a last resort, to get on a "high old bender." This experiment has not yet been tried, and it may be a question whether he can swallow enough liquor to produce intoxication and soporiferousness. Mr. Herr is a sober and industrious man, but in consequence of his malady is unable to do any kind of physical labor. It is certainly a strange case.

MANSFIELD has a large new paper mill and also a $50,000 Union railroad depot.

MISS LAPHAM is the pastor of the Universalist Church, in Pleasant Valley, Madison county.

AN inmate of the Soldiers' Home of Dayton recently fell heir to $10,000 and left the institution.

SPRINGFIELD Presbyterians have a $60,000 church with a $3,500 organ, and are quite proud of both.

A COLORED man named John Laborn shot and killed another colored man named Richard Grevous in South Delaware last week.

CASTLE and Campbell were married in New Philadelphia last week. They were not the renowned opera singers, but two happy people unknown to fame.

COL. J. B. ARMSTRONG offers to spend $50,000 in building car and iron works in Urbana, and to employ 1,000 hands, if the town will lend him $50,000 more for ten years.

A NEW family velocipede, which carries four people and is worked without labor, has been patented by a citizen of Springfield, and the *Republic* says it is a a practical success.

AN old man named Steinman, whose home is in Hancock county, while waiting for the train at Forest, a few days since, in company with his son, was run over by a freight train and instantly killed.

A POOR unfortunate girl was one night this week shamefully abused, tarred and feathered by "certain lewd fellows of the baser sort." We had no idea that Bucyrus contained any fellows mean enough to assail a girl, however bad she might be. And for the credit of our town we regret the outrage. *Bucyrus Journal.*

WEEK before last a young man named Ralston Daniels, living in Springfield Township, shot himself in a very odd way. He was about to shoot at a bird with a loaded revolver, but before he shot he attempted to scratch his ear with the pistol, forgetting that it was loaded, when, thoughtlessly pulling the trigger, the pistol was discharged and the bullet passed through his ear, and going downward lodged in his throat. He was taken home and it was hoped that he would recover.

ON Wednesday of last week a drying cylinder at the paper-mill of Mr. Lewis, some six miles from Chillicothe, exploded and seriously injured a woman named Mrs. Decan, who was working in the mill at the time. A workman named Brown became enraged at a fellow-workman about the cause of the accident, and he attacked him with the butt end of a gun, during which the man was considerably injured. Brown thinking he had killed the man, fled, and has not been heard from since.

ON Tuesday last a little daughter, four years old, of Fred Orsinger, who keeps a saloon in this village, died suddenly under the following circumstances: On getting up in the morning she got hold of a bottle of whisky and drank a large quantity—how much we are not able to say—and in a very short time was found lying on the floor insensible. She remained in a stupor until afternoon, when she died. It is said she complained of being sick the night before, and went to bed without her supper.—*Medina Gazette.*

ON Saturday last a man named Caleb Messer shot another one called John Roach, in the town of Williamsburg, Noble County. These men, who are brothers-in-law, have had a standing quarrel for several years, and on the day mentioned they commenced the subject again. From words they proceeded to blows, and in the midst of the fight Messer seized a revolver that was lying near and shot his antagonist. The ball penetrated the edge of the lungs and lodged in the back. The wound is considered dangerous, and Roach is not expected to recover. Messer has been arrested and lodged in jail. He is represented as a man of violent temper and bad character.

A SAD case of drowning occurred near Barnesville, on Monday. Two boys, about eight years of age—one belonging to Wm. P. Bundy, the other to Wm. Davie—were playing near the culvert on the new pike, a short distance north of town. A plank was laid across the stream, and the children amused themselves by walking across it, and occasionally throwing a dog in the water. It is supposed that they both fell from the board at once. The water was not more than three or four feet deep, but they were probably so terrified as to be unable to stand up or to try to get out. Another child, somewhat younger, hastened to the home of one of the boys and gave the alarm, but when assistance arrived, the boys had been half an hour in the water, and all efforts to resuscitate them proved unavailing.

Women's Rights.

The advocates of women's rights have received a weighty reinforcement in Mr. Mill, the British political economist, whose recent essay on the "Subjection of Women" takes the most advanced position on the subject. Ever since men and women existed upon the earth, says Mr. Mill, the stronger sex has oppressed the weaker, kept it in some form of bondage, denied it the plianest rights and taught it to find its highest pleasure in subjection to the will of man. Only with the growth of civilization have women reached in any place of life a position of equality with men; and to this day, even in Christian England, he contends, the vast majority of women exist, so far as legalities can determine their fate, in a state of subjection which is only another form of slavery. They have never been in a position of equality with men; they have never had an opportunity of showing what would be the result of such a system, and hence the experience on the subject is entirely one-sided. The concession of the franchise he regards as so trivial that he discusses it almost with contemptuous brevity. Going still further, he sees no reason why able women should not legislate and debate in the House of Commons, or why they should not occupy seats in the Upper House. Mr. Mill would permit his fair clients not only to practice medicine, but plead in courts of law; to their energies he would throw open all the offices in the State, from that of Prime Minister to that of the humblest tide-waiter. In the family relation he urges also a revolution of all the existing state of things. Not only will the wife have a complete right to retain possession of her own property and her own earnings, but she will be as legally free from the dominations of her husband as if she were unwed. The command, "Wives, obey your husbands," is to be erased from the code of marital duties, and, before the law, the partners in the wedded state are to be placed in a position of absolute equality. The essay will add to the active discussion of the subject both in this country and in England, where Mr. Mill's standing as a vigorous thinker and writer will insure for all his productions more than ordinary attention.

The Coming Girl.

She will vote, will be of some use in the world, will cook her own food, will earn her own living, and will not die an old maid. The coming girl will not wear the Grecian bend, dance the German, ignore all possibilities of knowing how to work; will not endeavor to break the hearts of unsophisticated young men; will spell correctly, understand English before she affects French; will preside with equal grace at the piano or washboard; will spin more yarn for the house than for the street; will not despise her poor relations, or the hand of an honest worker; will wear a bonnet; speak good, plain, unlisping English; will darn her own stockings; will know how to bake doughnuts; and will not read the *Ledger* oftener than she does her Bible.

The coming girl will walk five miles a day, if need be, to keep her cheeks in a glow; will mind her health, her physical development, and her mother; will adopt a costume both sensible and conducive to comfort and health; will not confound hypocrisy with politeness; will not place lying to please, above frankness; will have courage to cut an unwelcome acquaintance; will not think refinement is French duplicity; that assumed hospitality, where hate dwells in the heart, is better than condemnation; will not confound grace of movement with silly affectation; will not regard the end of her being to have a beau. The coming girl will not look to Paris, but to reason, for her fashions; will not aim to follow a foolish fashion because milliners and dressmakers decreed it; will not torture her body, shrivel her soul with puerilities, or ruin it with wine or pleasures. In short, the coming girl will seek to glorify her Maker, and to enjoy mentally His works. Duty will be her aim, and life a living reality.—*Church Union.*

The Reform Against Human Nature.

Miss Susan B. Anthony is out with a paragraph in the *Revolution*, recommending that married people should no longer sleep together; that every man, woman, and child should have a bed to him or herself; that those who are just going to housekeeping should buy no double beds; and she exclaims with enthusiasm, "Cribs, cots and single beds for health and happiness!" Poets, both male and female, have often sung of "cots," but they have always insisted on placing them beside a rill. Here is the paragraph upon which she bases her advice:

The *Laws of Life* says: "More quarrels arise between brothers, between sisters, between hired girls, between apprentices in machine shops, between clerks in stores, between hired men, between husbands and wives, owing to electrical changes through which their nervous systems go by lodging together night after night under the same bedclothes than by almost any other disturbing cause. There is nothing that will so derange the nervous system of a person who is eliminative in nervous force as to lie all night in bed with another person who is absorbent in nervous force. The absorber will go to sleep and rest all night, while the eliminator will be tumbling and tossing, restless and nervous, and wake in the morning fretful, peevish, fault-finding and discouraged. No two persons, no matter who they are, should habitually sleep together. One will thrive and the other will lose. This is the law, and in married life it is defied almost universally."

Washington Items.

The public debt statement for this month will not be delayed to close up the accounts of the year, but may be expected to appear on Thursday, the first of next month, as usual. It will probably show a reduction of about six millions, but the yearly statement, which will be got out toward the end of next month, after returns to Wednesday night have been received from all sources, will improve on that by at least two millions. The Secretary regards the financial situation as quite satisfactory. He has about twenty-eight millions of currency and ninety millions of gold on hand.

This is the last year of the long lease which Sykes, Chadwick & Co. have held on Willard's hotel and I hear that when their time is out, the brothers Willard, who own it, will tear down the whole front on Pennsylvania avenue, and put up a new building of magnificent proportions, occupying the whole avenue front from Fourteenth to Fifteenth street. The Ebbitt house is now undergoing enlargement by the addition of two stories to its hight, while Corcoran's Arlington Hotel will be completed in October, so that future visitors to the capital will not have such good reason to complain of its hotel accommodations.

DR. WHITTIER
CONTINUES TO TREAT ALL
private diseases, Syphilis in all its forms, all urinary diseases, and the effects of mercury are completely eradicated; Spermatorrhea or Seminal Weakness and Impotency, resulting from self-abuse or other causes, and which produces some of the following effects, as blotches, bodily weakness, indigestion, consumption, aversion to society, unmanliness, dread of future events, loss of memory, indolence, nocturnal emissions, and finally so prostrating the sexual system as to render marriage unsatisfactory, and therefore imprudent, are permanently cured. Persons afflicted with these or any other delicate, intricate or long standing constitutional complaint should give the Doctor a trial; he never fails.
A particular attention given to all Female complaints, Leucorrhea or Whites, Falling, Inflammation or Ulceration of the Womb, Ovaritis, pruritis, Amenorrhoea, Menorrhagia, Dysmenorrhoea, and Sterility or Barrenness, are treated with the greatest success.
It is self-evident that a physician who confines himself exclusively to the study of a certain class of diseases and treats thousands of cases every year must acquire greater skill in that specialty than one in general practice.
The Doctor publishes a medical pamphlet of fifty pages that gives a full exposition of venereal and private diseases, that can be had free at office or by mail for two stamps, in sealed envelopes. Every sentence contains instruction to the afflicted, and enabling them to determine the precise nature of their complaints.
The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal examination is absolutely necessary, while in others daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every requisite that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own laboratory, under his personal supervision. Medical pamphlets at office free, or by mail for two stamps. No matter who have failed, read what he says. Hours 9 A.M. to 8 P.M. Sundays 12 M. to 3 P. M. Office, No. 9 WYLIE STREET, (near Court House,) Pittsburgh, Pa.

ALLEGHENY CATTLE MARKET.

OFFICE OF PITTSBURGH GAZETTE, MONDAY, June 28, 1869.

CATTLE.

The supply of Cattle to-day, was not up to that of last week either in regard to numbers or quality, and in the absence of any inquiry for shipment, deserving of the name, the market was a rather hard one, and devoid of that activity, which usually prevails when there is a light supply. Prices, compared with last week, ruled lower, especially the commoner grades, of which the offerings consisted chiefly, while strictly prime butchers stock brought relatively better prices. There were a few extra Cattle sold at 8, but the bulk of the best stock on sale sold at from 7½@7¾, and fair to good may be quoted at from 6½@7. Stockers dull and neglected selling at 5 to 5½@5¾, as to quality.

Of the Cattle on sale, 10 cars were from Chicago; 2 from Fort Wayne; 1 from Lima; 2 from Crestline; 4 from Mansfield; 2 from Upper Sandusky; 1 from Canton; 1 from Alliance, and 1 from Loudenville. In addition there were 4 cars load driven over from East Liberty, making the whole number on sale, aggregate seven-hundred and twenty-five head.

P. Sheitemantle sold 6 head Butler Co. steers at 5½.

E. Katz had 8 head Stark Co. scalawags for Weistunger—so mean that they could not be sold.

Jas. Hanlin 12 head Washington Co. cows and steers, at 5½@6.

Lowensteine & Zeigler 38 head Indiana steers, on commission, at 6¼@7.

L. Keefer 16 head Ohio steers, at 6½@7½.

L. Rothchilds 18 head Chicago steers, at 7½@7¾.

Haas & Kraus 32 head Chicago steers, at 6½@7¾.

M. Verner 34 Chicago steers, at 7@8.

Peter Hartman sold 24 head Green Co. Pa. stock, at 5@7,60.

Hazlewood & Blackstock 45 head Ohio steers, cows and bulls, at 4½@8.

Greenwald & Kahn 54 head Champaign Co. Ohio steers and heifers, at 6½@8; 20 head for W. Barnes from Knox Co. Ohio, at 4½@7.

Carr & McAllister 40 head of Ohio steers, on commission, at 5¼@6½.

S. Marks & Bro. 54 Chicago steers, at 7@8¼.

Jacob Needy 54 Ohio steers, at 6½@8.

Traurman & Lobman 74 head Ohio and Illinois, at 6½@8.

Joseph Myers 23 head stock steers, at 5½@5¾.

Smith & Blue 18 head Ohio steers, at 5½@7.

Hedges & Taylor sold 70 head Indiana steers, on commission, at 6,50@7,40.

SHEEP AND LAMBS.

There was a very full supply of this class of stock on sale to-day, about 1,800 head, and with only a moderal demand, the market was a very dull one, and, compared with last week, prices have still further declined. And had it not been for the presence of one or two wholesale buyers, it would have been still worse, as several droves were taken out of the market for shipment, thus reducing the unmber on sale, and rendering it possible for holders to close out the balance to the retail trade. As already noted, however, the market was a hard one for sellers, and it is probable that most of them lost money, and but very few, if any realized any profit. The very best sheep on sale did not bring over 4¼ to 4½—the same kind last week sold at 4¾@5. Lambs also in good supply, and lower, selling at from $1,50 to $3,50@3,75 per head, the bulk of the sales being at $1,50@2,50. The following is a partial report of the sales:

Beeler wholesaled, 75 Butler county, sheep and lambs to G. Beilsteine at $2,20 per head.

Jacob Emmill reports having wholesaled 175 head of sheep, averaging 93 lbs. at 3¾ and retailing 100 at $1,50@3,00 for lambs, and $2@3¼ for sheep.

Adam Eckert sold 155 lambs at $1,50@3,75 per head. 32 sheep unsold.

Garvin & Bro. reports 90 sheep and lambs at an average of $2,50 per head.

J. M. McNees 90 sheep at $1 to $3¼.

McDowell sold 132 sheap averaging 96 lbs to shroat at $4,15 per lb.

J. Davis reports 143 sheep at $2,50@3,50 per head.

James Shaw 67 sheep and lambs at an average of $2,50 per head.

Stakely Bro. 50 sheep at $1,25@4,00, and 100 lambs at $1,50@3,00.

Jacob Rinn 90 head thin sheep at an average of $1,50 per head.

HOGS.

There is little or no enquiry for this class of stock, and the market is dull and neglected, while prices are nominally unchanged. We continue to quote in a retail way at 9@10½@11cts, as to quality and condition.

Live Stock Markets.

NEW YORK, June 28.—Total Beeves for the week, 5,354, with 2,808 on sale today; market lively and good droves went off early; some of the stock arrived late; there was an advance of fully ¼c on fat cattle, while ordinary showed no improvement, the extremely hot weather and overstocked sheep market tends to check the demand for beef, so a light supply nearly meets the demand; the quality begins to deteriorate as more grass cattle come forward. There is but one or two superior lots on sale, the extreme range at 12½@16½c, the bulk of fair to good stock going at 14½@16c.; J. T. Alexander sold 540 Illinois, which brought 14c, except 75 head extra fine animals, scant 8 cwt, at 16@16½c; a drove of fair 6¾ cwt. Ohio steers sold at 15c, with 30 head 7½ cwt. at $109 each: a lot of 68 head Texans, 6¾ cwt., brought 13½c, while 70 head Kentucky natives, 6¾ cwt., averaged 15c. Sheep are extremely depressed; total receipts for the week 29,625 head, of which 8,700 arrived for to-day's market, besides 2,000 head left from Saturday; the pens are full and buyers unwilling to operate; the hot weather is spoiling tons of mutton on the butchers' hands, still the few prime sheep go off at 6@6¼c, extra at 7½c, with fair at 5@5½c, and so many thin sheep that 3@4½c or 2@3 per head are all they will bring. Trade is the hardest of the season, and very few transactions can be reported, viz: one car Ohio 72 lbs $3 each; one car 80 lbs 5¼c; one car 82 lbs 5c; one car Indiana 90 lbs 6c. Lambs also declining with receipts from Canada and Kentucky; they are worth 8@10¼c; extra Jerseys 11c; sales 450 State 55 lbs at 10½c; 66 of 56 lbs at 10c; 100 Ky. 63 lbs 10c; 115 State 57 lbs 7¼c. Hogs plenty; 30,500 coming in for the week, and 8,000 or 73 cars to-day; they are worth 9¼@9½c with a few prime at 9¾c; dressed are selling at 41¾c.

PHIADELPHIA, June 28.—Beeves moderately active but prices unsettled and lower; sales of 1,500 head at 9@14c for extra western steers, 7@8½c for fair to good do. 5@6½ gross for common. Hogs dull and lower; sales of 4,000 head at $13@13,75 per cwt. net, for corn-fed.

CHICAGO, June 28.—Cattle dull at $4,75@5,62½ for stock, and $6,37½@7 for shipping steers. Hogs dull and easier at $8,80@9,40 for fair to extra choice.

ST. LOUIS, June 28.—Cattle unchanged at 3@7c for inferior to extra choice. Hogs in good request at 7½@8c.

Dry Goods Market.

NEW YORK, June 28.—The Dry Goods trade is quite languid, but prices are nevertheless firmly maintained for cotton fabrics and on some grades of bleached Muslins we have to report ½c per yard advance from the lowest on the Fruit of the Loom, Masonville, Lonsdale and Hill's Semper Idem.

RIVER NEWS.

River was again receding last evening with five feet four inches in channel by Monongahela marks. Weather continues cloudy and unsettled with frequent showers of rain. Mercury at 4 P. M., 85—in the forenoon it was up to 92.

The Bellevernon, from St. Louis, is the only transient arrival we have to report. This boat has made a good record in regard to speed, and is now considered one of the swiftest sternwheelers on the western waters.

Capt. Vanhook, of the Great Republic, is still in the city.

The Julia No. 2 arrived from Zanesville and will depart to-day, as usual at 4 P. M.

—A dispatch from Quincy, of June 24, says: The suit of James H. Washington, negro, against the St. Louis and Keokuk Packet Company, for damages for refusing him a seat at the table with white passengers, and for afterwards ejecting him from their steamer, the Andy Johnson, was called to-day in the Circuit Court here. Washington, claims $2,000 damages, but the impression is that he will get nothing.

—It is rumored that Capt. J. Alex. Frazier has purchased an interest in the Lady Gay, and will take command of her.

—A St. Louis dispatch says that Capt. Wm. W. Ater, for himself and associates, will leave there next week for Louisville, to contract, if possible, for the building of a propeller, which is to be a huge barge, with cargo box surmounted with a texas pilot house and chimney. The vessel is to be 280 feet long, with 50 feet beam and no guards, and to draw three feet astern and hardly anything at the bow. Her capacity will be about 2,500 tuns. The hold will be divided into several water-tight compartments. She is designed for the St. Louis and New Orleans trade as a grain vessel.

—The stern-wheel America will take the place of the Telegraph in the Cincinnati and Big Sandy trade during low water.

—The steamer Salada has been chartered for the Parkersburg and Gallipolis trade during low water.

MISCELLANEOUS.

VALUABLE CITY LOTS FOR SALE.

The undersigned, as trustee in the partition of the real estate of

AGNES KNOX, Deceased,

By order of the District Court of Allegheny county, will sell at public sale, on the premises, on

WEDNESDAY, JUNE 30, 1869,

At 2 o'clock P. M., that very valuable property on Fifth avenue, city of Pittsburgh, consisting of TWO LOTS. First—A lot fronting on Market street 30 feet and extending the same width, along the south side of Fifth avenue 101 feet to Market alley. Second—A lot on the opposite side of Market alley, fronting on Fifth avenue 30 feet and running back, preserving the same width, along Market alley 30 feet. On the first mentioned lot are FOUR FRAME TENEMENTS, and on the other a THREE STORY BRICK BUILDING.

These lots are among the most valuable in the city of Pittsburgh, being on the principal street and in the centre of business. The attention of capitalists is particularly invited to them, as they are desirable chiefly for the value of the lots, the buildings not being of much consequence, and possession for building puposes can be obtained on 3 months' notice. The property now rents for over eight thousand dollars. The purchaser will receive the rents after July 1st.

THE TERMS OF SALE.

One-third cash, and the remaining two-thirds in two equal annual payments, with semi-annual interest from day of sale, secured by bond and mortgage on the premises.

GOLD closed in New York yesterday at 137½.

IT IS rumored that the Representative in Congress from the XXIIId, or Allegheny, Armstrong and Butler, District, having accomplished the removal of Collector SULLIVAN, will next move upon the works of Assessor NEVIN.

THE Fourth of July law, as quoted by the *Chronicle* of last evening, for the government of bankers and merchants, is not the law of Pennsylvania. All legal engagements maturing on Sunday, the 4th, must, in this State, be provided for on the day preceding.

THE HON. JAMES L. GRAHAM, President of the late Republican State Convention, in accordance with the conditions enjoined by that body, has designated the Hon. JOHN COVODE to act as Chairman of the State Committee for the ensuing year, and Mr. COVODE has appointed the Hon. M. S. QUAY Secretary of said Committee. These assignments indicate that the canvass, on the Republican side, will be intelligently and vigorously conducted.

"TWO LAWYERS who left the Republican party from principle" are "at present in the eye" of the Pittsburgh *Post*, as nominees on the Democratic judicial ticket. The poor men have certainly gone to the bad—and have not even a poor temptation to show for their excuse. Out of the frying-pan into the fire in this way, they may adorn the bench, if they ever reach it, but could not have been shining lights at the Pittsburgh bar. Names, neighbor! Whom are we to mourn for?

THE REAL DEMOCRATIC TEST.

The opposition are in a bad way about their nominee for Governor. The Harrisburg and Pittsburgh organs of the party are driven to the melancholy necessity of casting about for a candidate "who has the least vulnerable record." Confessedly, none of them are without fault, and the only question is to make the best choice out of a bad lot! The Harrisburg man wants the Convention to pick out those "of the worst record" and pitch them overboard. Our neighbor is more modestly inclined to be content with the candidate who shall get the most votes, and pledges his support in advance.

Says the *Patriot:*

Let the convention decide which of the candidates has the worst record. We only wish that he who, in the deliberate judgment of that body, is least vulnerable in his record, may be the nominee. We hope that in expressing this wish we have not touched the *Post* too mighty.

And the *Post* copies that precious bit of advice, in the most engaging confidence that its own favorite will pass muster. If our neighbor lived at Harrisburg—classic ground in '62—it would be more fully alive to the perils of the present situation. Will the Convention of July 14th be held in the same hall which then rang with denunciations against an unconstitutional war? We rise for information. In the meantime, we offer a piece of friendly advice to our friends over the way. When you come together next month, pile up the agony on the African, and the less you say about anything else, the better. Let the old unpleasantness and all the domestic treasons it revealed be carefully ignored. If you begin to look after the "worst records," you will find the job an endless one."

A WORD OF VINDICATION.

The ladies composing the Monumental Association, at least those who by their votes decided to locate the Soldiers' Monument in the Allegheny Cemetery, have been made figure conspicuously, and we must say, in no very enviable light, in the public press. That they have been grossly wronged on all sides is clearly apparent; that their action has been misconstrued and attributed to motives which did not actuate them is patent to all right thinking persons. It must be remembered that the first idea of the Soldiers' Monument was conceived by an association of soldiers, who failed to secure a hearty and generous co-operation from the charitable and patriotic. They appointed a number of their fellow members, whose personal maims and bodily afflictions appealed more to the philanthropic than the reverential object they had in view, to secure the adequate sum necessary for the erection of the shaft intended to honor the brave and loyal dead. These gallant men labored zealously to collect money to carry out the object of their appointment. They failed, notwithstanding the fact that the Managers of the Allegheny Cemetery had freely, and with a commendable spirit of generosity, donated an eligible and beautiful site in the Cemetery for the erection of the monument; more than that, had generously offered to supply the foundation for any design that might have been furnished. The soldiers, chagrined and disoppointed, cast about for help and assistance, having next their hearts the commemoration and honor of their fallen companions. With the paltry sum of fifteen hundred dollars they were left, to erect a monument that should worthily commemorate the thousands of fallen braves who met their death and quietly sleep under the flag. They found succor, help, countenance and material assistance in the ladies now maligned by some members of the press and abused generally by those citizens who do not admire the selection of the Cemetery as a site for the monument. We have taken grounds against that location, but in so doing could not lose sight of the respect due the ladies to whose efforts principally is to be credited the accumulation of the large sum of money now in the treasury for the monument. Had it not been, for their well directed labors Allegheny county would not be engaged in the discussion of sites for the Soldiers' Monument, but in the Cemetery there would have stood, perchance, an humble and meau piece of marble to commemorate the patriotic deeds of her thousands of dead heroes,—which would have been all the projectors of the praiseworthy enterprise could have accomplished. These same ladies arranged the fair, attended it by night and by day during its continuance, and went out among the citizens soliciting and begging subscriptions to the cause. Out of the few hundred dollars left them by the Association they succeeded, they made the munificent sum of twenty-five thousand dollars, which was drawn from all classes of society, not easily, but through hard and incessant toil. Should their work be forgotten now, and an error of judgment on their part be made an excuse for the obliteration of the debt of gratitude due them from all who have desired that there should be a commemorative tablet erected to remind the present and coming generations of the gallantry and patriotism of the sons, husbands, fathers, brothers and friends who responded to the call of their imperiled country, and went forth from our county to do battle and returned no more? Let the choice they have made be condemned as earnestly and heartily as any could wish, but forget not that above every class of the community, credit for the success of the monument enterprise belongs to the ladies who are to-day as worthy the confidence of the people as when they worked so diligently to muster together dollar after dollar of the large fund accumulated.

We do not desire that a sectional or jealous spirit between the two parts of our *one* community of Pittsburgh and Allegheny should be engendered out of this question, to prejudice the claims of any locality for the location. We could enjoy the monument as much whether on the heights of Allegheny or in the lowlands of Pittsburgh, and no matter in which city it may be built, it will equally reflect credit to both. The ladies urge, however, that the money mainly came from the pockets of our citizens, and that inasmuch as from the inception of the project to the successful close of the Fair it was conceded that the movement was for a monument in the Cemetery, they had but little discrimination in the matter if they desired to live up to the obligations assumed when they accepted the money from the original movers in the matter. They state they are willing to recede from their action, which they claim was not informal in its character as has been charged, and certainly not questionable, provided some suitable site is suggested, which will meet with their favor, and that of the public.

We say this much in defense of the ladies of the Association, believing that while their selection was unpopular, they should not have been handled so ungallantly by those who differed with them in opinion.

REPUBLICAN STATE CENTRAL COMMITTEE.

PITTSBURGH, June 28, 1869.

Upon the joint recommendation of Governor John W. Geary and the Hon. Henry W. Williams, I have appointed the Hon. John Covode Chairman of the State Central Committee.

JAMES L. GRAHAM,
President State Convention.

Gentlemen who were delegates to the late Republican State Convention are requested, without delay, to report to the Hon. M. S. Quay, Secretary of the State Committee, at Beaver, Pa., the names of the persons whom they may select to serve as members of the State Central Committee for their respective districts, during the ensuing year.

JOHN COVODE,
Chairman R. S. Committee.

CITY COUNCILS.

Regular Meeting—Resolutions Relative to the Decease of a Member—The Soldiers' Monument—Petitions, Communications and Remonstrances—Opinions by the City Solicitor—Resolutions, &c.

A regular monthly meeting of City Councils was held on Monday, June 28, 1869, at 2 o'clock P. M;

Select Council.

Members present: Messrs. Ahl, Ahlborn, Armstrong, Brown, Coffin, Craig, Dickson, Edwards, Gallaher, Gross, Hailman, Hartman, Jones, Kehew, Kirk, Laufman, Littell, Lloyd, Marshall, Morrow, Murray, McClelland, McEwen, McMahon, Ogden, Phillips, Rafferty, Rees, Schmidt, Scully, Shipton, Wainwright S. J., Watson, White, Wilson, Zern and President McAuley.

The minutes of the two preceeding meetings were read and approved.

A DECEASED MEMBER.

Mr. Rafferty presented the following:

Decease of John Quinn, late member of Select Council from the Fifth (old Third) ward, city of Pittsburgh,

IN MEMORIUM.

WHEREAS, The Almighty, in his inscrutable wisdom, has removed from us John Quinn, one of our members of the Select Council of the city of Pittsburgh, and we deem it proper to pay a tribute to his memory: therefore,

Resolved, That our Council, in the death of John Quinn, has lost a valued and efficient member, one whose knowledge of municipal business was comprehensive and thorough, and whose advice and opinion on the same were sound and correct, being based on an experience gained by several years of membership in this body, and in the discharge of the duties of the various positions in our city government which he filled.

Resolved, That the community has by his death lost a worthy, honest and reputable citizen, and his family a kind husband and affectionate father.

Resolved, That we tender to the family of deceased our condolence and sympathy in their sad bereavement.

Resolved, That a copy of these resolutions be presented to the family of the deceased, and also that they be entered upon the minutes of Councils.

On motion of Mr. Shipton, the resolutions were adopted unanimously.

THE CONNELLSVILLE RAILROAD.

Mr. Shipton, a remonstrance from the citizens residing on Cherry alley in opposition to the proposed grant of said alley to the Connellsville Railroad Company. Referred to the Railroad Committee.

GAS LAMPS WANTED.

Also, Petition for two gas lamps on Grant street, between Fifth avenue and Virgin alley. Referred to the Gas Committee.

THE SOLDIERS' MONUMENT.

Mr. McAuly presented the following:

To the Pittsburgh Councils:

GENTLEMEN—After waiting two years in hopes that our Councils would offer us a suitable site for our Soldiers' Monument, and none being offered, we determined to decide the matter as soon as we would receive our charter. Accordingly a meeting of the Association was called for June 19th,—not *an informal meeting*, as some have choosed to call it—but officially called through the press three days before. At this meeting eight of the ladies voted for the cemetery, there being eleven present, confirming our vote taken twice before, with the same result.

As it was a Pittsburgh enterprise, gotten up and carried on so far by Pittsburgh ladies, we do not now feel like revoking our action, and making Allegheny a present of our hard-earned money to decorate their Commons. It was acknowledged by a prominent official of Allegheny, a few days ago, that they had understood before the Fair that the monument was to be erected in the Cemetery, or they would have helped us.

Now, we appeal to you, gentlemen, for a suitable site for the monument in Pittsburgh, or if you have none, that you purchase us one, and by this means relieve us from further persecution. Feeling sure that our City Fathers will sustain their reputation for gallantry and liberality, we leave the matter with you for the present, hoping to hear from you soon. Yours respectfully,

EXECUTIVE COMMITTEE,
Allegheny Co. Monumental Ass'n.
Pittsburgh, June 28, 1869.

The communication was received and filed.

NICOLSON PAVEMENT.

Mr. White: a petition for Nicolson pavement from Ross street to Diamond street. Referred to Street Committee.

COSTS TO BE PAID.

Mr. Brown: a resolution authorizing the Controller to issue his certificate on the Mayor in favor of John Brown, Clerk of Courts, for the sum of $79 20 for costs in the matter of the opening of Hatfield street. Read three times and passed.

ORDINANCE TO BE REPEALED.

Mr. Brown: a petition for the repeal of an ordioance providing for the grading and paving of Twenty-seventh street, from Penn street to the river, accompanying which was the following resolution:

Resolved, That the City Engineer be instructed to withhoid the advertising of proposals for the same until such time as the Councils shall direct.

The communication was accepted and the resolution passed finally.

THE MONUMENT QUESTION.

Also the following resolution:

Resolved, That a Joint Committre, consisting of two from the Select and two from Common Council, be appointed to confer with the corporators of the Allegheny County Soldiers' Monumental Association for the purpose of having the monument located in the city of Pittsburgh, on Public Property, or on a lot of ground to be provided by the city, and that said Committee be instructed to report to Councils at as early a day as practicable, such site as will be acceptable to said Association, and if the same be not owned or controlled by the city, then upon what terms and price the same may be purchased by the city for the purpose aforesaid.

Read three times and passed, and Messrs. Brown and Littel appointed. C. C. concurred and appointed Messrs. Carroll and Batchelor.

NUISANCE COMPLAINED OF.

Mr. Hartman, a communication and petition relating to an alleged nuisance on a vacant lot on Webster avenue, accompanying which was a resolution instructing the Street Commissioner to remove the same. Petition accepted and resolution adopted.

IRON CLAD BUILDINGS.

Mr. Ahl, a petition from Hussey, Wells & Co., asking permission to erect an iron clad building in the Tenth ward. Accepted.

Also, an ordinance providing for the erection of the aforesaid building.

The ordinance was passed finally under a suspension of the rules.

BUILDING INSPECTOR.

Mr. Jones, a communication from a number of contractors and builders of the city requesting Councils to consider the question of the appointment of a Building Inspector, accompanying which was the following resolution:

Resolved, That the Clerk be notified to inform Common Council that Select Council will go into joint session at half-past three o'clock for the purpose of electing a Building Inspector.

Mr. Rafferty moved to lay the resolution on the table. Carried.

THE SUNDAY QUESTION

Mr. White offered the following:

Resolved, That the Councils of Pittsburgh heartily approve of the resolutions passed by the Councils of Allegheny City, requesting citizens not to join in the proposed celebration of the Fourth of July upon the Sabbath, and approve of the recommendation of Monday, the 5th proximo, as the proper day on which to celebrate the Fourth, and moved its adoption.

Mr. Schmidt moved to lay on the table.

Mr. White called for the yeas and nays, and a vote being taken, resulted as follows:

Ayes—Messrs. Ahl, Ahlborn, Coffin, Rees, Schmidt, Wainwright, S. J., Watson and Zern—8.

Nays—Messrs. Armstrong, Brown, Craig, Dickson, Edwards, Gallaher, Gross, Hailman, Hartman, Jones, Kehew, Kirk, Laufman, Littell, Lloyd, Marshall, Morrow, Murray, McClelland, McEwen, McMahon, Ogden, Phillips, Rafferty, Scully, Shipton, White, Wilson and President McAuley—29.

So the motion to lay on the table was lost.

Mr. White moved the third reading, and the final passage of the resolution.

The yeas and nays were called, when the resolution was passed finally by a vote of 27 yeas to 10 nays.

COMPENSATION TO THE SOLICITOR.

Mr. Shipton, a resolution authorizing the Controller to certify or warrant on the Mayor in favor of J. F. Slagle, Esq., City Solicitor, for the sum of $700 compensation for digesting the city ordinances and acts of Assembly, and charge the same to Contingent Fund. Read three times and passed.

HUCKSTERING AND FORESTALLING.

Mr. Ogden presented the following resolution:

Resolved, That the Market Committee, in conjunction with the City Solicitor, be instructed to prepare an ordinance and present the same to Councils, to effectually prevent huckstering and forestalling in the city markets.

Mr. Rafferty moved to lay on the table. Lost.

Mr. Phillips moved the third reading and final passage of the resolution.

Mr. Gallaher moved to refer the resolution to the Ordinance Committee in conjunction with the City Solicitor. Carried.

DIAMOND STREET ASSESSMENT.

The President read a communication from the City Solicitor relative to the assessment of damages upon the city for the opening of Diamond street, accompanying which was a resolution authorizing the Controller to certify a warrant on the Mayor in favor of J. F. Slagle, Esq., for $6,030, the amount of the assessment, and charge the same to the contingent fund. The communication was received and the resolution read three times and passed.

PETITIONS.

Mr. McMahon, a petition for the opening of School alley, between Davidson and Wells streets, Seventeenth ward. Referred to Street Committee.

Mr. Schmidt, a petition from residents of the Sixteenth ward, relative to the opening of streets through the Woolslayer property. Referred to Street Committee.

Also, a petition for the opening of Hazlett street, Sixteenth ward. Referred to Street Committee.

Mr. McClelland, a petition for the indefinite postponement of an ordinance providing for the grading, paving and curbing of Railroad street, between Twentieth and Thirty-First streets, accompanying which was an ordinance repealing the aforesaid ordinance.

Mr. Phillips stated that it was not necessary to pass an ordinance repealing the ordinance referred to, and that a motion to reconsider was sufficient.

Mr. McClelland moved to reconsider. Carried.

Mr. McClelland moved to non-concur with the action of Common Council in the passage of the ordinance, and that it be laid on the table. Carried.

AMENDATORY.

Mr. Coffin, an ordinance amending section 4 of the City Code, relating to vehicles standing on the streets.

Mr. Gallaher moved to refer the ordinance to the Ordinance Committee.

The question was taken, on Mr. Coffin's motion to adopt the ordinance, which carried. There being objections, the ordinance laid over under the rules.

Mr. Kirk moved to suspend the rules. Lost.

RECORDER'S BILL.

Mr. Morrow presented the bill of Henry Snively, County Recorder, amounting to $86,20, for recording ordinances. Read three times and passed.

WOODEN BUILDINGS.

Mr. White, from the Committee on Wooden Buildings, submitted the report of the Committee, relative to the petition of Wm. McCullough & Co., for the privilege of erecting iron-clad buildings in the Ninth ward.

The report was accepted.

An ordinance granting the privilege was presented, and Mr. Rafferty moved its adoption.

Mr. Hartman moved to lay on the table. Lost.

Mr. McClelland moved to postpone action for the present. Lost.

Mr. Rafferty moved that the privilege be granted for the building at Sixteenth and Liberty streets. Adopted.

WATER IMPROVEMENTS.

Mr. Coffin, from the Water Committee, presented an ordinance authorizing the Superintendent of Waterworks to erect the necessary stand, pipes and pumps to supply the Sixteenth and Seventeenth wards with water.

Mr. Morrow moved to make the ordinance general.

Mr. Hartman moved to postpone and the Committee be requested to report the probable cost of each pipe and pump. Adopted.

REIMBURSEMENT.

Mr. Coffin called up the resolution refunding to Emery Brothers $1,000 for losses incurred in shipping coal. Read three times and passed.

FORBES STREET.

Mr. Morrow: a petition for the paving of Forbes street. Read, accepted and prayer of petitioners granted.

SWITCH LICENSE.

The Chair read a communication from the City Solicitor relative to the matter of the recovery of switch licenses from Knapp, Rudd & Co., in which he decided that the same could be recovered.

The communication was received and the Solicitor ordered to take the necessary steps for the recovery of the same.

Mr. McClelland presented an ordinance granting H. Hamilton & Co. privilege to erect an iron clad building on Railroad street.

Referred to Committee on Wooden Buildings.

OPINION OF THE CITY SOLICITOR.

The Chair read the following communication from the City Solicitor.

I herewith return to you the report of the Special Committee, in reference to the purchase of the Farmers' and Mechanics' turnpike, upon which is endorsed your resolution asking my opinion as to the liability of the city to purchase at the appraiser's valuation.

The thirty-sixth section of the act of April 6, 1867, directs the appraisement to be made, and authorizes Council to provide by ordinance for the purchase, but there is nothing in the act making it obligatory upon the city to purchase or the companies to sell. Respectfully yours,

J. F. SLAGLE, City Attorney.

June 28, 1869.

On motion of Mr. Gallaher, received and filed.

Mr. Hartman presented the following resolutions:

WHEREAS, The Controller has refused to pay warrants authorized by the Committee on Fire Engines and Hose, said committee would respectfully ask the passage of the following:

Resolved, That the Controller be and he is hereby directed to certify such warrants as are authorized by the Committee on Fire Engines and Hose, so far as the appropriation to the Neptune Engine Company may provide for the same.

Read three times and passed.

ACTION DEFERRED.

Mr. Lloyd presented the following:

Resolved, That the Street Committee be and they are hereby instructed to take no action in regard to paving Fourth Avenue from Market to Wood streets with Nicolson pavement until further instructions from Councils. Adopted.

Councils adjourned.

Common Branch.

Members present—Messrs. Albeitz, Anderson, Barr, Barton, Batchelor, Bell, Berger, Black, Boggs, Booth, Bulger, Carroll, Case, Caskey. Chislett, Dain, Daub, Dunseath, Gerner, Gildenfenney, Hare, Houston, Hutchison, Jahn, Jamison, Jones, Kremer, Lockhart, McCandless, McCarthy, McClaren, McMasters, Meanor, Moore, Moorhead, Morgan, Nixon, Palmer, Pearson, Penney, Potts, Reed, Rook, Rosewell, Sims, Scott, Verner, Vick, Weisenberger. Weldon, Welsh, Wilson, and President Tomlison.

The Clerk read the minutes of the previous meeting, which were, on motion approved.

SUNDRY PETITIONS AND RESOLUTIOES.

Mr. Hare presented a petition from Mr. Gardner, asking for a reduction of his business tax, the petitioner having been assessed twice. Referred to Finance Committee. S. C. concurred.

Mr. Weldon offered a petition for a sewer on Diamond street, between Smithfield street and Cherry alley. Referred to Street Committee; as was also a petition for a sewer on High street, and a communication from J. McDonald referring to a new sweeping machine. S. C. concurred.

Dr. McCandless presented a remonstrance against a change of grade on Arthur and Wylie streets, which was referred to the Street Committee; a petition for a change of grade on Duncan street between Green and Devillier, which was referred to Street Committee; a petition for water on Duncan street which was referred to Water Committee. S. C. concurred.

The same member presented a resolution requesting the Finance Committee to act on the petition of the brewers of Bedford street. Referred.

A communication from the Controller was read and received.

THE LAWRENCE FIRE COMPANY.

Mr. Weisenberger presented a petition asking for a house and apparatus for the Lawrence Fire Company. Accompanying the petition was a resolution authorizing the Committee on City Property to contract for the erection of a house on Forty-first street. The petition was referred to the Committee on City Property.

Mr. Hare objected to the passage of the resolution. He thought it would be proper for the committee to examine the matter first.

After some discussion, the resolution was referred to the Committee on City Property. S. C. concurred.

THE POINT.

Mr. Barton offered a resolution that there be appointed a special committee of five, in conjunction with the City Solicitor and the City Engineer to ascertain the right of the city to the piece of land at the confluence of the Allegheny and Monongahela rivers, known as the Point, to report on the advisability of changing it into a city park; and to further correspond with the Ladies' Monumental Association on the practicability of erecting their monument there. Adopted. Messrs. Barton, Verner and Berger appointed in C. C.

FROM THE STREET COMMITTEE.

Mr. Weldon presented from the Street Committee an ordinance appointing a viewer on Hatfield street; an ordinance changing the grade of Thirty-ninth street; an ordinance authorizing the grading and paving of Twenty-first street, from Mulberry alley to Smallman street; an ordinance authorizing a sewer on Third avenue, from Market to Wood street; an ordinance for a Nicolson pavement on Penn street, from Third to Fifth street. The first two ordinances were read three times and passed; the last three were laid over.

The Committee also approved the report of the viewers on the opening of Locust street, and presented to Councils for their approval.

Mr. Barton moved that this report be set aside, and that David Alkin, Jr., W. M. McKee, and John H. Stewart be appointed as viewers. Adopted.

THE CITY POLICE.

Mr. Hare presented a communication from Mayor Brush stating that the city ordinance allowed one hundred police for the protection of the city. Finding this number insufficient he had, with the approval of the Police Committee, increased it to one hundred and twenty-two men. An ordinance legalizing this increase, and providing that one hundred and twenty-two shall be the number henceforward was presented. Read three times and passed finally.

FROM THE SURVEY COMMITTEE.

Mr. Chislett presented the report of the Survey Committee, with an ordinance for the opening of Bates street, which was read three times and passed; an ordinance for the opening of Pucketty road from Frankstown road to Spring street, and changing its name to Lincoln avenue, which was read three times and passed; the plan of the location of Crescent street, which was laid over; a plan of Forty-third street (late Ewalt,) which was approved with a plan of Main street; the plan of the location of Shady Lane occasioned some discussion relative to the width—(several of the members favoring fifty instead of sixty feet)—but was ultimately adopted at sixty feet as reported. S. C. concurred.

Mr. Chislett offered a petition requesting a survey of the territory included in the following route: Along Miner to Ridge street, thence to Craig, thence to Centre avenue, thence to Herron avenue. Referred to Street Committee.

Mr. Chislett also presented a petition for the opening and straightening of Church street. Referred to Survey Committee. S. C. concurred.

RETRENCH AND REFORM.

Mr. Morgan presented a lenghty report from the Committee on Retrenchment and Reform. On the Allegheny wharf, which during the last year netted the city only $255 50, the Committee stated there are parties occupying ground for which some pay nothing like fair rent, and others nothing at all. The Committee would recommend an increase of the rents in several instances. On the Monongahela wharf, there is a similar laxity on the part of those attending to the collection of the finance of the city. A paltry sum only is paid for the occupation of valuable ground. The Wharfmaster doesn't pay attention to the city ordinace in regard to the loading of merchandise, and fails to collect wharfage where he should. If the law were enforced, and if the wharf were rented, particularly the Allegheny wharf, at one half the price of private property, a great many hundred dollars would find their way into the City Treasury which now do not get there. The Allegheny Wharfmaster employs two men whose business appears to be to sleep and smoke in the Wharfmaster's office. Since the Reform and Retrenchment Committtee was appointed, many reforms have been effected on the wharves. The present Wharf Committee appears to be more effective than that of last year.

The Committee would recommend the abolishment of the office of the Clerk of Markets, believing that the Superintendent will be able to attend to the duties of that office as well as to those of his own. The Committee states some of the butchers use more gas (which the city pays for) than the amount of the rent for their stalls. The Committee would recommend the Market Committee to alter the gas fixtures.

The Committee find that Horace S. Snowden has collected for railroad switches six hundred dollars which he has forgotten to pay into the City Treasury, and recommend that the City Solicitor be instructed to collect the amount from the parties responsible. The Committee found that Knapp, Rudd & Co., Park Bro. & Co., Keystone Bridge Company, Kier, Foster & Kier, H. Armstrong & Laughlin, & Co. are now using switches without paying for them, and recommend the collection of the amounts owed, and in case of refusal that the Street Committee be instructed to take up the switches and collect cost of same from the parties named.

Your Committee intended to report upon various other matters connected with the city government and the conduct of some officers, but could not get the data in time for this meeting. The report was signed by B. W. Morgan, Evan Jones, Thos. J. Gallaher, S. Morrow, four of the five members of the Committee.

RESOLUTIONS AND ORDINANCES.

Mr. Reed presented an ordinance authorizing the laying of Nicolson pavement on Smithfield street, entire length. Laid over.

Mr. Chislett offered an ordinance for the opening of Main street. Laid over.

Mr. Hare offered a resolution instructing that the Fire Alarm Telegraph place a box on Forty-fifth street. Referred to the Committee. S. C. concurred.

Mr. Pearson presented a petition for the opening of a street from Hazlewood to Four-Mile Run. Referred to Survey Committee. S. C. concurred.

A WOODEN BUILDING MATTER.

When Hussey, Wells & Co.'s petition for permission to erect a wooden building came in from Select Council, quite a lengthy discussion ensued.

The action of Select Council having been concurred in, Dr. McCandless moved that the Wooden Building Committee be abolished. The President ruled this out of order.

THE DEATH OF MR. QUINN.

The resolutions relative to the death of Mr. John Quinn, late member of Select Council, were now brought into the Common branch and heard with attention and respect. The action of Select Council in unanimously adopting them was concurred in.

Council then adjourned.

THE SYMPTONS OF CONSUMPTION.

Paleness of the countenance.
Spitting, or expectoration of pus.
This pus sinks in water.
It is sometimes streaked with blood.
There is chilliness or shiverings, and flashes of heat.
There is a pearly whiteness of the eyes.
The hair of the head falls off.
At times there is a circumscribed red spot on one or both cheeks.
There is swelling of the hands and feet.
There is great debility and emaciation of the body.
There is a high colored state of the urine.
With a deposit on standing like brick dust.
There is oftentimes a great thirst.
The blood is hurried through the arteries and veins.
The pulse is over a hundred, and even as high as one hundred and forty a minute.
The veins on the surface of the body are bluer than usual, and languid.
As the disease progresses the debility increases.
The expectoration becomes more copious.
The finger nails are incurvated.
There is a marasmus and wasting of all the powers of life.
There is often pain in one or both lungs.
There is often diarrhoea and faintness.
There is great sinking of the vital forces.
When there are turbercles, small portions of turberculous matter will be expectorated.
This tubercular matter has an offensive odor.
On an examination with a lung sound, rattling and gurgling is heard.
There is always more or less cough.

Some of these symptons are always present in pulmonary consumption, and nearly or quite all of them in different stages of the disease.'

No disease of which we have any knowledge is so common and so almost invariably fatal; yet this need not be the case if the earlier symptoms were heeded. Time and again we have called attention to Dr. KEYSER'S LUNG CURE, which will in every instance of a recent cold, arrest the progress of the disease and hinder its development, and even after it has become seated will often cure it and arrest further decay of the lungs.

Sold at the great Medicine Store, No. 167 LIBERTY STREET, one door from St. Clair. Dr. Keyser may be consulted at his LIBERTY STREET OFFICE EVERY DAY UNTIL 12 o'clock, and at his resident office, No. 120 Penn street, from 1 to 4 o'clock.

WORDS OF WEIGHT FOR WIVES AND MOTHERS.

The superiority of HOSTETTER'S STOMACH BITTERS over all other tonics and correctives, as a remedy for dyspepsia, biliousness, nervous affections and all complaints of the visceral organs—and as a preventive of malirious disorders, is proverbial: but perhaps it is not so generally known that the ingredients of this famous invigorant and alterative exercise a powerful and most beneficial influence in that numerous and distressing class of ailments, of which so many thousands of delicate women are the patient, uncomplaining victims. The special troubles of the sex, commencing with the dawn of womanhood, and extending over a period of from thirty to thirty-five years, are as readily and certainly relieved by the operation of this admirable vegetable preparation, as any of the complaints common to both sexes, for which it is recommended as a specific. The attention of mothers is invited to its balsamic effect in those peculiar cases of functional irregularity and irritation, which, when neglected or maltreated, destroy the health and shorten the lives of so many invalids. There is no need for the powerful and dangerous drugs too often resorted to in such cases. The mild tonic and restorative action of the BITTERS is all the assistance that nature requires it its struggle to overcome the difficulty, and a vast amount of suffering would be spared to the sex if they placed implicit faith in this wholesome vegetable invigorant, corrective and nervine, and discared the pernicious nostrums advertised by ignorant and mercenary charlatans.

NEW ADVERTISEMENTS.

AN ORDINANCE
To Provide for the Tapping of Sewers and Making Connections Therewith.
SECTION 1. Be it ordained and enacted by the Select and Common Council of the City of Allegheny, and it is hereby enacted by the authority of the same, that from and after the 24th day of June, 1869, any person who shall be the owner or lessee of premises, desiring to connect with any of the sewers of the city, shall first make application at the City Engineer's office, upon a book prepared for that purpose, and upon the receipt of such application, it shall be the duty of the City Engineer to issue a permit for tapping the sewer, subject to the provisions of this ordinance, and to collect the sum of one dollar ($1 00) for the privilege. Provided, however, that the permit shall be granted only upon the condition that the owner or lessee for whose benefit such connection is made, and each succeeding tenant shall, in consideration of the privilege thereby granted and enjoyed hold the city of Allegheny harmless from any loss or damage that may in any way result from, or be occasioned by, such sewer connection; and further, that they will not permit improper materials to be thrown into openings or inlets, such as grease, rags, shavings, sweepings or kitchen refuse, or solids of any kind, and will at all times keep these openings or inlets properly protected with gratings and catch-basins of description and form approved by the City Engineer. It shall moreover be a condition in the privilege granted that the party for whose use the attachment with the sewer is made shall have all down spouts, conductors or openings from buildings that discharge water or liquids upon the foot walks of the streets connected with the private drain, and the water or liquids carried underground to the sewer.
SEC. 2. The Sewerage Commission are hereby authorized to license such number of masons or plumbers in the several sewerage districts of the city to do the work of making the connections and laying the drains within the street limits or outside of the property line, as in their judgment may be deemed necessary. Provided no party be commissioned until he shall have furnished said Commission with a satisfactory certificate, signed by at least three (3) masons, if he be a mason, or three (3) plumbers, if he be a plumber, to the effect that the applicant is known to them to be a person regularly educated to the business, and is qualified to perform the duties which he undertakes, and previous to being licensed by said Commission the said party shall file a bond in such sum as may be designated by said Commission, not less, however, than two thousand dollars, with two or more sureties, conditional that he will indemnify and save the city harmless from all loss or damage that may be occasioned by reason of his neglect or carelessness, either during the progress of the work in his charge, or for its inefficiency after completion. And conditional also, that he will promptly, at the proper time and place, restore the street pavement over trenches or openings made for the purpose of laying drains to as good state and condition as he found it previous to opening the same. The repaving shall be done to the satisfaction of the Street Commissioner. Upon the completion of any connection, or at stated times, as may be determined on by the Engineer, the agent to make return to the Engineer's office with description of the work done, on blanks prepared for that purpose.
SEC. 3. The agents of the city as such will have control only of the work that lies between the line of property and the sewer and for the work within the limits described, will be held liable to the amounts of their bonds. The whole of the work, both on the street and within the limits of the premises, shall be done under the supervision of the Engineer department, (except the repaving,) and subject to such rules, regulations and restrictions as may be established by that office. The expenses incurred for making connections and laying private drains will be born by the persons for whose use the connection is made.
SEC. 4. Any person licensed to make connections with sewers, who shall be guilty of any violation of the provisions of this ordinance, shall be immediately deprived of his license. And if the connection with any sewer is made in violation of the provisions of this ordinance, or it shall be used for purposes not specified therein, there shall be incurred by the person so using said sewer improperly the penalty of twenty-five dollars, to be recovered summarily before the Mayor.
SEC. 5. It shall be unlawful for any person to place, throw or deposit in any catch-basin, sewer or drain, butcher's offal, garbage, dead animals, ashes, slops, straw, tan bark, or solid refuse of any kind, and any person so offending, or causing any such obstruction to be placed so as to be carried into such sewer or basin, shall be subject to the penalty hereinbefore described in section 4.
SEC. 6 Any person injuring, breaking or removing any portion of any catch-basin, manhole cover, or any part of any sewer or appurtenances or obstructing in any manner the inlet or outlet of any sewer or drain, shall be subject to the penalty of twenty-five dollars, recoverable as aforesaid.
SEC. 7. It shall be deemed unlawful for any person to use a private sewer or house drain connected with any of the public sewers without providing an intervening catch basin to catch and retain the silt and heavy substance carried from the gutters or sink spouts, and will also provide additional suitable gratings to prevent the admission of rubbish or solid matters that might find their way to them, and further to fix appliances to trap the sewer gases and to prevent their escape into the buildings or areas.
SEC. 8. It shall be deemed unlawful for any person in possession of premises into which a pipe or other connection with the public sewer or drain has been laid for the purpose of carrying off animal refuse from privies or water closets, slops from kitchens or for other purposes to allow the same to remain without good and perfect fixtures, so attached as to allow a sufficiency of water to be applied as to properly carry off such matters, and to keep the same unobstructed. Each day the same is permitted to remain without such fixtures for supplying said Water, shall be deemed a distinct and separate offense, and liable to a fine of twenty-five dollars, as in other offenses named in this ordinance.
SEC. 9. The City Engineer shall pay over all moneys received by him for permits to the City Treasurer weekly. The same to be applied toward the payment of an Inspector and such other expenses as may be incurred by the provisions of this ordinance.
SEC. 10. All drain pipe for public sewers, or for private drains connecting with the public sewers, must be subject to the inspection of the City Engineer, his assistant, or an authorized inspector connected with the Engineer department.
SEC. 11. No dwelling house, store, or other building shall be erected or altered on any street or alley in which there is a sewer without providing an underground connection by drain pipes with the sewer for carrying off all the drainage that would otherwise flow over the footway or side walk of streets.
SEC. 12. It shall be the duty of the Street Commissioner at stated times during each month (and on side hill streets after every heavy rain) to inspect the sewer inlet basins and to have removed all silt and rubbish collected in and about the openings, and at all times to keep these inlets in a condition to receive the surface drainage and to retain the heavier matters carried to them.
SEC. 13. The City Engineer shall establish such rules and regulations in reference to the construction and use of house connections not inconsistent with the provisions of this ordinance, as in his judgment may be necessary.
SEC. 14. Parties granted permits to drain property not fronting on the street in which the sewer is located shall pay a special rate for the privilege (the amount to be determined by the Sewerage Commission,) and shall give a certificate to the effect that they will not at any time interpose any objection to the laying of a sewer on the street upon which their property fronts, by reason of their having tapped another sewer for the purpose of drainage.
SEC 15 No drain from any building shall be connected with a public sewer otherwise than by a drain pipe, which shall be six inches in diameter, except it be authorized by the Sewer Commission.
SEC. 16. Notice must be left at the office of the City Engineer by the person who is to make the connection with any sewer or drain when such work will be ready for inspection previous to making said connection. This notice must be in writing and left between the hours of 8 A. M, and 5 P. M.
SEC. 18 That so much of any ordinance as may conflict with, or be supplied by the foregoing, be and the same is hereby repealed.

AN ORDINANCE
To Authorize the Paving of Murdock Alley, from Frazier to Fulton Street.
SECTION 1. Be it ordained and enacted by the Select and Common Councils of the City of Allegheny, and it is hereby ordained and enacted by the authority of the same, That the Committee on Streets be and they are hereby authorized and directed to invite and receive proposals for the paving of Murdock alley as aforesaid, the same to be without curb or side walk, and to contract therefor with the lowest oldders, at their discretion.
SEC. 2. That for the purpose of defraying the cost and expenses of the said improvements, there be, and is hereby levied, a special tax to be equally assessed upon the several lots bounding and abutting upon the said Murdock alley, respectively in proportion to the feet front in them respectively comprised, and bounding and abutting as aforesaid.
SEC. 3. That as soon as the cost and expenses of said improvements shall be fully ascertained, it shall be the duty of the Street Commissioner to assess and apportion the same among the several lots bounding and abutting upon said Murdock alley respectively, according to the rule above indicated, and thereupon proceed to make demand and collect the same, according to the Act of the General Assembly of the Commonwealth of Pennsylvania, entitled "An Act defining the manner of collecting the expenses of grading and paving of the streets and alleys of the City of Allegheny, and for other purposes," passed the thirtieth day of March, 1854.
SEC. 4. That so much of any ordinance as may conflict with or be supplied by the foregoing, be and the same is hereby repealed.
Ordained and enacted into a law this the 24th day of June, Anno Domini one thousand eight hundred and sixty nine.
JAMES McBRIER,
President of Select Council.

FINANCE AND TRADE.

OFFICE OF PITTSBURGH GAZETTE, MONDAY, June 28, 1869.

The entire market opened strong today, with an advancing tendency, on account of the easier money market. Gold opened at 137½, advanced to 137¾ and closed at 137⅞, yielding when money became more stringent. The large holders are evidently determined to keep up the price of gold, and the heavy rates they pay for carrying it shows their ultimate intentions.

Government bonds were dull and lower for the old bonds, but strong for the July bonds. There is, however, not the demand for bonds that was expected a short time since.

Stocks opened with a strong advancing tendency, and nearly all the stocks were higher. At the close a sharp reaction took place and the decline was from 2 to 3 per cent.

Money is not as easy as it was at the close of last week, and the approach of July settlements no doubt will cause a great pinch in the money market.

NEW YORK, June 28, 1869.

The Money market was very easy at 7 per cent. currency during the morning, but after one o'clock the rates of interest began to harden, and about the close of bank hours the stringency was greater than at any previous period since money pressures in the rates on call were 1-32 per cent. per diem, and interest ⅛, ¼, ⅜ and ½ per cent. to flat, the latter equal to 182½ per cent. per annum. The stringency is understood to be wholly artificial. Sterling is firm at 109½@109¾. Gold opened dull at 137⅜, advanced to 137⅝, fell to 137¼, and closed at 137½. The carrying rates were 7@8 per cent. Clearances, $43,000,000. The Government sold $1,000,000 at 137 45-100@137 54-100. It is stated the Westphalia takes $618,000 to Europe to-morrow.

Governments opened buoyant and closed lower under a stringency in money. Coupons '81, 121½@121⅝; do. '62, 121⅞@122; do. 64, 117¼@117⅜; do. '65, 118¼@118⅜; do. new, 119⅞@120; do, '67, 119⅞@120; do. '68, 117@120; 10-40s, 108½@108⅝; Pacifics, 106@106¼.

PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, MONDAY, June 28, 1869.

The continued wet weather is beginning to cause some apprehension in regard to the crops, fears being entertained that they may be knocked down and considerably injured by rust. There has been a good deal of wet weather recently is not to be denied, but yet we do not think any great injury has resulted therefrom, and besides it is not probable that the rains will continue much longer. According to the latest advice from the west it was thought the rain storm was about at an end, and the dispatches from Chicago to-day report Wheat a shade lower. As we have repeatedly noted, the advices from all quarters, report the crops in splendid condition, and there is little doubt but what the yield, not only of Wheat but of all kinds of grain, will be unprecedentedly heavy.

BUTTER—Is quiet and unchanged; small sales of good to prime solid fresh packed at 23@25.

BEANS—Very dull and prices are almost nominal at $2@2,25 per bushel.

CARBON OIL—Is very quiet—the jobbing demand is usually very light this season of the year. May be quoted nominally at 28@30.

CHEESE—Is dull and in good supply but unchanged; sales of common Western Reserve 16@17, Factory at 18, and Goshen at 19@20.

DRIED FRUIT—Is almost out of season, and holders are anxious to realize. This being the case, prices are nominal; Peaches 10 to 12 for quarters and 15@16 for halves. Apples 10@11 as to quality.

FEATHERS — Supply in hands of commission men almost exhausted. Live geese may be quoted at 85@90, to the trade, and $1 in a retail way.

FLOUR—Is quiet but steady with a fair local demand, and dealers generally are supplying their regular customers at a very slight advance over Western prices. It is but proper to remark however, that a round lot could not be had at our quotations. We continue to quote Spring Wheat $6@6,50 and Winter Wheat, at $7@7,50, as to quality.

GRAIN—Winter Wheat is in steady milling demand, with sales at $1,30@1,35 for fair to choice. Oats quiet—65@66 on track and 68@70 in store. Prime Yellow Corn is very scarce, and may be quoted at 80@83, for small lots; mixed, 74@75. Rye firmer and in better demand; we continue to quote at $1,15@1,20. Barley—none in market—and but little wanted.

HAY—Is quiet and unchanged—the supply of baled is considerably reduced.

HUSKS—Sales at 3 cts per pound.

HEMP—Sales at $210.

LIME—Cleveland Lime is quoted at $2,50, per bbl, and Common White at $1,75.

LARD OIL—Is firmer, in sympathy with the advance in Lard, and tending upward.

PEANUTS—Small sales at 12c.

POTATOES—Sales old crop at 35@40 per bushel, and new at $3,50@4 per bbl as to quality and condition.

PROVISIONS—Firmer and a shade higher. We now quote Shoulders, at 14¾@15; Ribbed Sides, 17½@17¾; Clear Sides, 18½@18¾; Breakfast Bacon 21; 21@21½ for Sugar Cured Hams and 16½@16¾ for Sugar Cured Shoulders. Dried Beef, 21. Mess Pork, $33,75. Lard 20 in tierces, 21 in hf bbls, and 21 in pails and kegs.

SEEDS—The demand for Clover and Timothy Seeds seems to have almost entirely subsided. Flaxseed would sell but there is none in market.

SALT—Is dull and drooping; may be quoted at $1,70 by the car load.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, MONDAY June 28, 1869.

The oil market opened strong and considerably excited this morning, and continued firm throughout the entire day, though there was less excitement apparent in the afternoon. June (Refined) sold at an advance compared with Saturday, and July also is better, and intimations of an expected corner are thrown out—but whether or not there is anything in it, we cannot say. It was also reported that Pittsburgh was buying and New York selling; also that the Erie clique, was buying in the oil regions, and selling in New York. In addition, it was also alleged that the advance to-day was owing mainly, if not entirely, to the operations of a strong clique, who are interested in getting prices up, and that their object in buying is not that they want the oil, but by so doing to keep the market excited, and to sustain, and, if possible, to force a still further advance.

CRUDE.

Market strong and compared with Saturday, prices are a shade higher. Sales of 1,000 bbls June at 14¾; 1,000 all July seller, at $5,90 on cars at Venango City; and 1,000 1st to 20th, same month at same place and price. $5,90 there is considered equal to 15 cts here, and it is said that there were offers to sell same month and option at 14¾, here.

REFINED

Sale 500 each September to December, at 33½; two lots of 500 each for July at 32½; and—early in the day in Philadelphia—500 June at 31¼. Later in the day, however, 31½ was bid, and 31¾@32 asked.

FARM, GARDEN AND HOUSEHOLD.

Dam and Colt.—A writer in the *American Stock Journal* furnishes some sensible and timely suggestions as follows:

While the colt is sucking, the dam should have plenty of good wholesome food with eight quarts of food per diem in two feeds, which should be so placed that the colt may eat with its dam. Turn them out as soon as the grass is large enough; they should have a good shed to escape storms and the beating sun; it should be so arranged that there will be no danger of hitting their heads in passing in and out, and should have the opening so situated that the wind cannot draw through it. Rather than this it should be open on one side. The colt at six months old should be weaned by placing it in a box stall. Feed two quarts of oats per day at three feeds, varying them occasionally with sliced carrots. In one month they may be turned out in the lot with shelter as before. Two quarts of oats should be placed in the shed, equally divided, morning and evening. A trusty person should give them the oats, (if you cannot do it yourself,) as many unpleasant tricks are learned thus young. These feeds should continue with regularity every day.

In the fall the colt should be taken from grass gradually, at first only nights, then part of the day, and so on until the change is made from green to dry fodder; then give plenty of clean, sweet clover hay, with the same quantity of oats as before, sometimes changing them for carrots. This will be a plenty until the colt is eighteen months old, when it may be increased to three quarts. Some writers say:

"You should let the colt grow thin on grass alone at three years."

My experience has been to never let the colt grow thin, always keep him growing, and if you have followed the foregoing rules, using your own judgment, you will have a colt that will be a credit to you as a breeder, and also a credit to your pocket.

The Dominque Fowls.—It savors of a return to common sense to see the Dominque breed of fowls kindly spoken of and coming into favor again. Farmers and amateurs sometimes get tired of one breed of fowls in course of time, however valuable it may be. They see something else which, from the grandiloquent boasting of those having them to sell indulge in, they think must be far better, and displace the long-tried and faithful friends for the new-comers, which they soon find out "cost more than they come to." They bestow upon them extraordinary care, provide for them in the most luxurious way, almost as much as they do for a guest in the family. But in the course of time they get tired of this—they fall off in their attentions and their favorites fall off in their product. They are too costly to keep, and do not pay expenses. After awhile they begin to reluctantly admit that their fine old stock which had to yield to the inroads of the glib tongues and highly wrought "guarantees" of fanciers, suited them so much better, were hardier, requiring not one-fourth the attention or cost of keeping, and producing more and richer eggs and finer poultry. Finally they go back to the old kind, and either give way their fancy stock, or allow them to mix with the common dunghill fowl and thus pass from them without a single regret.

This will be the end of the present chicken fever. The Dominque is beginning to be talked about again, and people are anxious to know where they are purchased. There are three varieties of them—a big breed, a medium, and a small size. We much prefer the medium size. They can be known by their single combs and yellow legs. They never vary in color—are a beautiful bird—tame, non-scratchers, non-fliers; hardy, good layers of excellent eggs, fatten readily, and are fine for the table.—*Germantown Telegraph.*

Flower Beds.—To cultivate flowering plants to the best advantage, requires as much care in the selection and preparation of the soil as any other crop. No one would expect to grow a crop of cabbages in soil overrun by the roots of trees and shaded continuously by their dense foliage, yet how often do we observe flowering plants placed in such circumstances, producing a few meagre flowers the early part of the season, perhaps, and dwindling and dying as soon as a few dry sunny days occur. Most summer flowering plants blossom on the points of branches, and therefore to produce a continuance of flowers, there must be a continued healthy and vigorous growth. It is true, there are some flowers adapted to shade, like the fuchsias, daisies, &c., and these should be selected for such positions. Heliotropes and some of the geraniums do well where there is sun only a few hours a day. Select an open exposure where the sun will have free access to the plants, dig the ground very deep, and dress heavily with thoroughly decomposed manure, so that the roots may have some supporting resort when the surface moisture falls. A small circular or oval bed ten or twelve feet in diameter, properly prepared and planted with flowers from pots, will produce a continued mass of flowers, even in the dryest summers. In arranging the plants, there is much latitude for taste, and very striking combinations may be secured. Rose beds are much more beautiful and satisfactory, when only a few well known, hardy, and continued blooming kinds are employed, than when planted indiscriminately, with robust and tall growing shrubs crowding those of more delicate growth. In larger yards, where several beds can be made, there will be a better opportunity for a display of this kind of cultivated taste.—*Germantown Teleyraph.*

Feeding Young Chickens.—Considering the rough food employed in rearing young chickens and turkeys, it seems amazing that people succeed half as well as they do. Young chickens and tender turkeys require soft and rich food for the first two weeks, just as much as a new born infant needs milk. It would be just as consistent to gorge the delicate stomach of an infant with popped corn and candy as to attempt to rear chickens and turkeys on coarse and raw meal and small kernels of grain. And yet such feed is often employed for that purpose, where large numbers of fowls are produced. But the losses of young chickens would be much less were soft food employed until the young birds have acquired sufficient strength to digest coarse and hard food. In many instances, more than half the turkeys that are hatched are so seriously injured by improper food that they die before they are one week old. Indeed, many people will not attempt to rear turkeys, simply because the young birds die in spite of all their efforts to raise them. The first food that young birds of any kind should receive is boiled eggs. After an egg is boiled cut the shell in two equal parts, and place them where the young chickens can have access to the rich and soft food. After they have eaten the egg, a mush, made of equal parts of Indian meal and wheat flour, should constitute their chief food. If milk can be obtained let it be made into curd. Great care should be taken in the preparation of chicken feed to exclude everything that contains salt, as only a small quantity will surely kill young turkeys and chickens.

How Much to Make a Farm.—A correspondent of the New York *Tribune*, "Iowa," says a man cannot make a farm in a new country unless he has at least $600 to start with, and he should have $1,000. We suppose that under the Homestead bill all the public lands should be disposed of, free, to actual settlers in limited quantities—under the Homestead bill a man can make a fine farm out of 160 acres with two plows, a harrow, a hoe, an ax, a wagon, and a pair of horses, costing say $350. In a pinch, a man can make such a farm with one horse and a plow, trusting to exhange of work with his neighbor to help out till he can exchange some corn or pork for other necessary things. Indeed, if one can get boards for a shanty, he can commence a farm with nothing else, as there are richer settlers who are glad to hire him, and thus enable him gradually to furnish himself for independent work in his own plantation. Under the Homestead bill, should he not get along fast enough, he could sell his claim to some new settler, and with the proceeds start still farther out on another quarter-section. But alas! the homestead bill is of little advantage. It has been rendered almost a dead law by the speculations and the unfortunate legislation of Congress.—*Cincinnati Times.*

A Great Fruit Year.—From every part of the country come reports of the fulness of the fruit trees. Strawberries have been so abundant this year that we doubt if those who raise them will make much money by their crop, and so large that they put to shame the little baskets in which they are still sometimes sold, and which would scarcely hold half a dozen berries of the average size this spring.

Around New York the cherry trees are just now full of ripening fruit; the first crop for two years in this region. Blackberries and raspberries promise also to be uncommonly abundant; and the peach orchards, which have so long failed in this part of the country, hang full; while in Delaware they fear that they cannot get transportation for their whole crop. Apples, also, seem to be doing well; but the pears have failed in northern New Jersey and some other regions, a cold rain having blighted the blossoms.

We have had the finest spring of the last ten years. April was like June; May brought us warm rains, instead of those cold storms which last year caused the loss of all the fruit; and June, though wet, has given us blue skies, and, until the storm of last week, no continued bad weather.—*N. Y. Post.*

Remedy for the Currant Caterpillar.—A correspondent of the *Canada Farmer* says that as soon as the ground becomes dry so that the surface earth about the bushes can be removed, he takes it away to the depth of two or three inches, beginning at the stock and going out and round as far as anything would drop from the bush. He uses a dung fork to loosen the earth to the depth that he wants to take it away, taking care not to injure the roots. He takes the soil thus loosened, by the hand, as it is much safer for the roots, and it can be done more effectually than with a hoe. He removes this soil from the garden and brings in new fresh earth and fills up the excavation. He has tried this plan often on bushes which had been totally stripped and when carefully and completely done he has never had a caterpillar on them the ensuing season.

How to Preserve Smoked Meats in Summer.—Take black pepper and grind it very fine, the finer the better; then wash the hams or beef, and rub while damp, thoroughly, with the ground pepper; a sufficiency will adhere to them to protect them against the depredations of flies and bugs through the summer. In the cure of hams omit rubbing the skin side. Two pounds of pepper are sufficient for thirty pounds of meat. It may remain hanging in the smoke house during the summer. This will also impart a fine flavor to the meat.

Colic in Horses.—P. S. Garman, of Elkhart county, Indiana, gives his experience in treating cases of colic in horses: A few days ago a horse of mine was attacked with a fit of colic. It was so severe that I thought the animal must die in less than thirty minutes if not relieved. I drenched it with the following mixture: Spirits of turpentine, 3 ounces; laudanum, 1 ounce; warm water, ½ pint. It proved a specific, the animal being relieved in about ten minutes after drenching."

A Chicago paper publishes crop dispatches from twenty-four points in Illinois, eleven in Iowa, and five in Wisconsin. They report the prospects for wheat fine, and some places will double last year's crop. Corn is generally backward, owing to the cold and wet. Some corn is being replanted, and the crop will not be as large as usual. Oats and barley look well. Potatoes are promising, except a few places where bugs have appeared. The wheat harvest has commenced. In Southern Illinois the yield averages twenty-five bushels per acre.

The Poisonous Tomato Worm.—People at this season should look out for the large worm which infests the tomato vines. Its sting is of deadly poison. It is of a green color, two or three inches long, and as large as a man's finger. At Red Creek, Wayne county, a few days ago, a servant girl, while gathering tomatoes, received a puncture from one of these worms, which created a sensation similar to that of a bee sting. In a short time the poison penetrated to every part of her system, and she was thrown into spasms which ended in death. By all means keep children away from the vines, and let those who go among them use the greatest precaution.—*Decatur (Ill.) Republican.*

A THEOLOGICAL SEMINARY, it is reported, has recently been established in Berlin for the purpose of educating clergymen and teachers to accomyany the Prussian emigrants to the United States. The number of emigrants from Germany has been so large for the last few years, that great difficulty has been experienced in obtaining educated pastors for the colonies, and this institution has been established to supply the want. It is supported by voluntary contributions.

SPECIAL NOTICES.

SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the livor and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens into the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care,) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abcesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparation with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond street, New York, every other Tuesday, and at No. 35 Hanover street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists. my19:151-d&F

Held for Trial.—John Johnson, charged with the larceny of a keg of gin from a car on the Pittsburgh, Fort Wayne and Chicago Railway Company, had a hearing before Mayor Drum last evening, and in default of bail was committed to jail for trial.

Coroner's Inquest.—Coroner Clawson held an inquest yesterday on the body of Nicholas Fillenger, who was found dead in his bed yesterday morning at his residence, No. 597 Penn street. Verdict of death from natural causes. Deceased was about seventy-five years of age.

Eleventh Ward Tax Payers.—Your attention is called to a notice on our fifth page of to-day's paper, announcing a meeting to hear the School Directors' report of the school building fund and bounty fund, on Thursday evening next. Let there be a full attendance of all tax payers.

Bishop Bowman Institute.—The commencement exercises of the Bishop Bowman Institute will take place in St. Peter's Church, Grant street, on Wednesday morning at ten o'clock. The Rev. John Scarborough will deliver an address. The friends of the Institute are invited to attend.

A Site Suggested.—Messrs. Andrew Scott and G. R. Pearson, members of Council from the Seventeenth ward, recommend as a site for the Soldiers' Monument a two acre lot owned by the city, known as the Washington Burial Ground and situated on Main street, Lawrenceville. It is delightfully situated, close to the heart of the city, and largely planted with stately trees.

New Wheat.—From D. D. Dickey, of Nashville, Tenn., the house of Isaiah Dickey & Co., of this city, has received samples of red and white new wheat. The crop there has been very fine and the firm mentioned expect shortly to receive a fresh importation of new flour, and thus sustain the reputation this house has long enjoyed of being first to import into the market each season new wheat and flour.

Resulted Fatally.—H. E. Frink, the man who took the morphia at the Rush House, Sunday morning, an account of which we published yesterday, died from the effects of the drug at half past eleven o'clock yesterday. Coroner Clawson held an inquest on the body yesterday, when a verdict of death by morphia administerqd by the hands of deceased with the intention to take life, was rendered. Among the effects of deceased was a commission from the Governor of Wisconsin, appointing him District Attorney of Chippewa county, in that State.

Obituary.—Mr. William O'Leary, one of our most respected merchants and fellow citizens, died yesterday at the ripe age of seventy-one years, from a stroke of apoplexy with which he was smitten several weeks ago. He was for several years the head of the extensive queensware establishment now conducted by Messrs. J. O'Leary & Brother. Kind hearted, genial, good and charitable, a consistent Christian, and an honest, upright man, he passed away regretted and mourned by all his friends and acquaintances.

Temperance Anniversary.—The fourth Anniversary Meeting of the Allegheny Temperance League will be held this (Tuesday) evening, at 7½ o'clock, in the Sandusky street Baptist Church. The annual report of the Executive Committee will be presented, and the addresses delivered by the Rev. J. S. Dickerson, D. D., and the Rev. J. S. Lemon. A choice temperance poem will be read by the Rev. William Evans and temperance odes will be sung by the choir. The meeting is intended to be a grand gathering of the earnest workers in the temperance reform. Let it be made a complete success!

Amusements.

OPERA HOUSE.—Dupree and Bene. dict's Minstrels opened at the Opera House last evening to a large and fashionable audience. The entertainment was an excellent one.

MUSEUM.—Burnell's Museum, which for two weeks past has been closed, and undergoing repairs, reopened last evening, and it is now more attractive than ever.

The Sabbath Question.

A mass meeting of the citizens of the South Side was held last evening in the M. E. Church, Birmingham, relative to the proposed demonstration on the Sabbath. The meeting was organized by calling W. C. Aughenbaugh, Esq., to the chair, and the election of Rev. G. G. Westfall, Secretary.

After addresses by the Chairman and others, a committee on resolutions was appointed, who reported a series, condemning the proposed desecration of the Sabbath.

The resolutions were discussed and adopted unanimously, after which the meeting adjourned.

Brutal.

A Mrs. Hoyle appeared before Mayor Drum yesterday and made information charging her husband with incestuous rape. It was alleged by the prosecutrix that the accused had been drinking for several days, and yesterday morning ordered his daughter, a girl about fifteen years of age, to go up stairs, when he locked her in a room and forced her to submit to his desires. The girl made known the facts to her mother immediately afterward, and at the hearing, yesterday evening, testified to the fact. Doyle was committed to jail in default of bail for his appearance at Court.

Youthful Travelers.

Michael and John Rohan, aged respectively fifteen and thirteen years, arrived in the city Sunday night, from Indianapolis, Indiana, on their way to New York in search of their father, John Rohan, who they say is proprietor of a jewelry store in that city. They formerly resided in New York, where their mother died about two years since, after which they were sent to a school on Roanoake Island, where they remained six months. They were then taken to Indianapolis, where they have resided with Samuel Hafner, until a few days since, when they left with his consent, as they allege, for New York. They reached this city by rides on freight trains, and having but five cents when they started, have had nothing to eat except a few cakes, for which the five cents were expended, until last evening, when they were provided with supper at the expense of the city.

BUTLER, PA.

The Shugart Poisoning Case—Continuance of the Case of the Alleged Accomplice—Fifth Day of the Trial—Highly Interesting Testimony—Little Daughter of the Prisoner on the Stand—Exciting Scene—The Prisoner Overcome and the Proceedings Interrupted—The Commonwealth Surprised in their Witness—The Prisoner Faints a Second Time, is Carried from the Court-Room, and the Court Adjourns for the Day—Subsequent Interview With the Prisoner.

[Correspondence of the the Pittsburgh Gazette.]

BUTLER, Saturday June 26.

To-day, as will be observed, the character of the evidence elicited was decidedly the most exciting since the commencement of the Shugart murder case. The "passages" between the counsel were quite spicy and sharp at times, and evinced the exceeding thoroughness and watchfulness with which the proceedings are being conducted. The testimony and incidents of the day were the universal theme of discussion throughout the town after the adjournment of Court, occasioning great curiosity and expectation as to the next step to be taken. Monday's proceedings promise to be of an equally interesting nature.

MARTIN'S CASE CONTINUED.

The Court assembled at the usual hour in the morning and began the fifth day's proceedings.

After the opening, Mr. McJunkin, counsel for the defense, said that in view of the fact that the case of the Commonwealth vs. Joseph Martin (indicted as accessory with Mrs. Shugart) would not probably be reached during the present term, without prolonging it to a very great length, and as the jurors not impannelled in the case on trial were all anxious to get home, they had concluded to ask for a continuance of Martin's case. The request was granted by the Court, the usual order made and the jurors not in the box discharged.

EVIDENCE RESUMED.

The evidence in the case of Mrs. Shugart was resumed.

George W. Fleeger, about fifteen years of age, was sworn. His father testified in the afternoon of Friday, and the boy's testimony was mainly corroborative, in reference to being in the field with Shugart on the day of his death, observing him come out to work very late, work very well during the morning, receive his dinner from the little girl, &c., &c. He was closely cross-examined, but nothing new was developed.

ANNIE SHUGART ON THE STAND—A SCENE.

Annie Shugart was next put on the stand. This is the little girl who carried the alleged fatal dinner to her father. She is twelve years of age and quite a pretty child, bearing a bright, intelligent countenance, unusual in one of her years. She was neatly dressed in mourning, and when on the stand seemed so innocent and helpless in her trying position that the sympathies of every one were strongly drawn out in her favor. When called upon to take the oath she refused to hold the Book. In answer to the usual inquiries stated she had conscientious scruples against swearing on the Bible, and preferred swearing with the uplifted hand, a privilege which was accordingly granted her. Immediately upon taking a seat in the witness chair she burst into tears and for a few minutes wept convulsively. Her mother was also very much affected and continued to be greatly agitated during all the time Annie was on the stand. Annie, when she again became calm, gave the following testimony in a low but distinct voice, and generally without much hesitation, except once or twice when the weeping scene was repeated at the mention of her father's name:

I live in Butler; am a daughter of Jacob Shugart; am twelve years old; go to school; Mr. Stoke is my teacher; I don't recollect the day when my father died; he was husking corn the day when he took sick and died; I took my father his dinner that day; it was in a little quart bucket; it had a lid on; carried the spoon tied around the bucket with a cloth sack; a sack to wear; mother made the soup; it was "cream soup;" it was made out of cream and bread; don't know of anything else in it; the bread was cut up in little pieces and put into the cream. [Size of a half inch indicated by witness.] Don't know that there was any butter in it; I don't know what mother put it in; I don't know what it was in before mother put it into the bucket; I don't know who tied the sack around the bucket and put the spoon there. I had my dinner before I started to the field. I don't mind what we had for dinner. All I can recollect now is meat, bread and coffee. Mother gave me the bucket to take. It was about twelve o'clock when I had my dinner that day; started immediately after dinner. I don't mind when mother made the soup. I gave the dinner to father. He ate some of it; was husking corn while he was eating, and I only saw him taking a few spoonfuls. The shock was lying down at which I was husking. I don't mind whether the shock at which I was husking was between me and father or not. I went on husking slowly. Paid close attention to my work. Sometimes looked at father eating. I can't recollect how long father was eating. When he quit I don't know what he went to do, as I went home right away. I took the bucket and cloth and spoon home. Tied up the bucket in the sack as it had been. When I was on the road coming home I saw father coming in a buggy. Mr. Ralph was in the buggy with him. I came home on the road along the creek. When they passed me I think I was below the bridge by Row's, on the side near our house. I had not got as far as the creek bank; I kept up with the buggy and was at home as soon as father. I don't mind where I set the bucket. When I got to the house I waited till father came out of the buggy. I have stated all as near as I can recollect that happened when I went to the corn shock and gave father his dinner. I don't mind where I went after father was taken into the house. I knew father was sick when he passed me on the road with Mr. Ralph. He looked so pale. He was leaning over with his elbow on his knee and his head resting on his hand. He did not look toward me, but I saw he looked pale. He was sitting in the back seat and Mr. Ralph in the front. When father was done eating, I think the bucket was about half full. When I started from home it wasn't quite full.

I bought some poison twice. The first time I bought poison was before father died, about two weeks. I bought rat poison. I bought it from Dr. Graham. He keeps a drug store in this town. I got three cents' worth the first time. I think the name of the stuff was arsenic; it was white. I don't know the quantity in ounces or grains. Dr. Graham himself gave it to me. Mother sent me for it. When I took it home I handed it to mother. I bought poison again—five cents' worth. I got that at Graham's drug store. I don't recollect how long that was before father died. It was before his death. I can't remember the number of days. I don't know whether it was the same color as the first. I asked for "rat poison." I think it was white. I think it was called arsenic. Mother sent me for it. I gave it to her. I can't mind at all when I got the last.

I was at the jail to see mother after she was put in. The first day I went up I sat down beside her. I said, "*Now mother, I'll have to go to court and tell all I know about this, and tell that you sent me for poison.*" Mother said, "*Yes, tell the truth; tell that your papa wanted the poison for the rats.*" I did't say anything then. Mrs. Wise, my sister, was sitting there. This was in mother's cell, near the door which comes out into the main room where the stove is. Myself and mother and Mrs. Wise were all that were present. This was the day after mother was put in jail. I think mother was between Mrs. Wise and I. That's all that I recollect of at that time.

At the time mother sent me for the poison, the first time, I don't recollect what she told me it was for. The second time I don't think she said anything either. I have told all I could recollect of what happened at the field. Mother wanted to give me some of the soup in a cup, but I did'nt want any. She told me then I could have some soup when I come home. I had my dinner and was'nt hungry. When she gave me the soup she said I need'nt walk so fast, but just to get out in time that the soup would be warm when father got it.

Cross-examined—It was a quart bucket I took the soup out in. It was covered with the sack all but the top. That's all I took out. I had no little bundle with me. When I gave it to him he said he was'nt very hungry. He told me, "*Now you go home, and I'll soon be there.*" I asked him if he was well, and he said he was'nt. That was just as I gave him the soup. Before he began to eat, I think he went round behind the corn shock; he carried the little bucket around with him; can't tell how long he staid there; it was just a little while. I don't recollect whether he said he was not well before or after he went round the shock. When he came back the lid was off the bucket. I don't know how many spoonfuls he took out. I don't mind whether I stated before the inquest that the bucket was pretty near as full as when I gave it to him. He sat down to eat; it was after he had eaten his dinner he said to me he would soon be home. I didn't stop any place on the road as I came home; I think father got to the door at home first; I saw mother helping him into the house; the bucket was still in my hand.

Re-direct—The shock at which father was husking was almost all lying down; there were only a few stocks standing; the next shock was about twelve feet distant; he went behind a shock that was standing up; he went back along the row where he had been husking and sat down to eat.

Q. Did you state anything of this before the Coroner's inquest? A. I don't mind.

Q. Were you talked to by any of the persons setting around that table? [occupied by the counsel for defense.] A. Yes, sir.

Q. Who? A. Mr. Mitchell.

Q. Where? A. In his office.

Q. Did you make a statement there? A. Yes, sir.

Q. How often were you in his office? A. I was only there once.

Q. Did you state to Mr. Mitchell about your father going around the corn shock? A. I don't mind.

Q. Was it in his office that you first recollected this circumstance? A. I don't know.

Q. Did any person tell you it would be important to your mother for you to make this statement? A. No, sir.

Q. Who was with you when you were in Mr. Mitchell's office? A. Amelia and Susan and Maggie.

Q. Was any person else present? Leonard Wise or John Laux? A. I don't recollect any one else.

Q. When were you there? A. I can't mind.

Q. What time of the day was it? A. It was in the evening when I was there.

Q. How long did you stay? A. I don't know. It was late at night before I left.

Q. When did this occur, before or after your mother was arrested? A. It must have occurred after mother was in jail.

Q. Did you make a statement before the inquest in the Court House immediately after your mother was arrested? A. Yes, sir.

Q. Was it after this you were in Mr. Mitchell's office? A. I think it was.

Q. Have you made any statement to any of the counsel during this week? A. I don't mind of it; I don't think I did.

Q. Did you see any one of the counsel during this week? A. Mr. Mitchell was down at our house this week, looking through it, but did not talk to me.

Q. Did any person tell you if you did not make this statement that you would be whipped when you got home? A. No, sir.

Q. Did you tell any person so? A. No, sir.

Q. Did you not tell Mrs. Fisher so? [This lady is Annie's godmother.] A. No, sir.

Q. Did you state before the inquest that in the jail with your mother, after her arrest, she told you to swear before the inquest that your papa sent you for the poison, and that unless you swore so your mother would never get out of jail?

Objection was made to this question by the defense, who asked that it be put in writing.

Mr. Riddle, for the Commonwealth, submitted it in writing, when a lengthy argument ensued between counsel, which was interrupted by adiournment.

AFTERNOON SESSION.

The report that Annie Shugart had been on the stand in the morning, and would continue her evidence at the afternoon session, attracted to the Court room the largest attendance of spectators we have yet observed present, many of them ladies. This witness was expected to be one of the most important for the Commonwealth in the case, and there seemed to be a great desire to hear what she had to say, and to see her say it.

At the assembling of the Court, Mr. McCandless, for the Commonwealth, at the suggestion of Judge McGuffin, withdrew the inquiry which had been presented in the morning and objected to by the defense.

The taking of testimony was then proceeded with, Annie Shugart being recalled and examined by the Commonwealth, as follows:

Q. Annie, state whether your mother, about the time of her arrest, or a day or two after, in a conversation you had with her, told or instructed you to swear when you went before the Coroner's inquest, that your papa had sent you to buy the poison, or if you did not, she would never get out of jail. Did she tell you this? A. I was so scared I did not know what I was saying.

Q. But did she tell you that? A. No, sir, she didn't.

[The question was repeated and the same answer given.]

Q. What did she say then, in reference to that? A. I don't mind what she said.

Q. What did she say you should testify to? A. The first day I went up I said "Mother, I will have to say that I got the poison," and she said "yes, tell the truth; tell that papa wanted it for the rats."

Q. When you went out to your father with the soup, or when you left him in the field, did he say he was not well? A. I don't mind.

AN EXCITING EPISODE—MRS. SHUGART FAINTS.

At this juncture the prisoner, Mrs. Shugart, who seemed very much depressed previously, manifested signs of sickness, and the proceedings were suspended while she was assisted to a settee near a window, just inside the bar. She had hardly reached the seat when she fainted and became pale as a death. Her daughters Amelia and Maggie immediately went to her side, and, thinking her dead, commenced sobbing and crying loudly, creating intense excitement. The large crowd of spectators outside the bar manifested their feeling of anxiety and excitability by rising to their feet and eagerly leaning forward to view the scene, while those inside attempted restoration by bathing the head of the sufferer. She was finally resuscitated sufficiently to move along by the aid of of her daughters, and was thus taken into another room of the building. Annie also left the stand, and followed her sisters and mother out of the room.

The Court remained quiet for a few minutes, when Mr. Mitchell, counsel for the defense, moved an adjournment, rendered necessary by this episode.

Judge McGuffin, however, thought the attack merely a temporary one, and called upon Dr. A. M. Lyman and Gen. Purviance from among the spectators to examine and report upon the condition of the prisoner and as to the probability of her recovering sufficiently for the trial to proceed during the afternoon. These gentlemen retired, and in a short time sent back word that she was somewhat revived and would be able to be present in about twenty minutes.

Mrs. Shugart was brought in at the expiration of this time, and stimulants procured to be used in case of a second attack. Before proceeding with the trial, Judge McGuffin ordered a large rocking chair to be secured, which was done and the prisoner placed in it close to a window.

TESTIMONY RESUMED.

The witness then took the stand and the examination was resumed.

Q.—Annie, you stated in answer to my question as to what your mother told you in jail, in reference to swearing before the inquest, that when you did so you were scared. What do you mean by that? A. They always asked me such hard questions against my mother, and I was so scared that I did not know half the time what I was saying.

Q. Do you recollect of saying that which has been spoken of? A. I don't recollect.

Q. Do you recollect of stating this in Squire Zeigler's office? A. I don't mind.

Q. Did you state this before the Grand Jury? A. I don't recollect.

Q. Did you appear before before the Grand Jury? A. Yes, sir.

Q. Annie, when you left the corn field was your father well? A. I don't mind.

Q. Do you recollect of being in the office of any of these attorneys, [pointing to the table at which counsel for defense were seated] except Mr. Mitchell's? A. No, sir. I was just in Mr. Mitchell's.

Q. Did Mr. Greer send for you to come up to his office and make a statement of what you could testify to? A. Yes, sir.

Q. Did you go? A. No, sir.

Q. Why, what was the reason of your not going? A. I thought he would have time enough in court to hear me.

Q. Did your mother, or your brothers or sisters, tell you not to go? A. No, sir.

Q. Did any of the counsel or *any* person? No, sir.

Q. How did you come to go to Mr Mitchell's office?

The defense objected to this question, but the objection was overruled.

A. I don't know.

Q. Who told you to go? A. I don't know.

Q. Did any person tell you to go? A. Yes, sir.

Q. Was it Leonard Wise or Jacob Laux? A. I don't mind who it was.

Q. How often were you there? A. I was only there once.

Q. Did any person tell you to come to the office of Mr. Grier, the District Attorney, *this* week? A. Yes, sir.

Q. Did you refuse to go? A. Yes, sir, I did.

Q. What did you say to the messenger? A. I don't mind.

Q. Did Mr. Mitchell write down your statement? A. Yes, sir.

Mr. McCandless—[for the Commonwealth]—Now, if the Court please, we propose to prove here that the witness testified before the inquest that her father was well, and that she didn't know why he had not eaten more of the dinner. Now she has said that her father complained of being unwell when she took him his dinner—that he gave that as a reason for not being hungry, and that he told her to "*go home and I'll be there soon.*" This, if your Honor pleases, is a flat contradiction, and we are surprised in our witness. We therefore claim as a right, according to law, to examine her, and propose in doing so to ask her whether she did not state these things, as we have quoted, in her testimony before the inquest.

Mr. Thompson, for the defence—We object to this. It is a cross-examination, and the Commonwealth have no right to cross-examine their own witnesses. I ask that the proposition be put in writing.

The Court decided that the Commonwealth had the right to put such a question when a witness answered in a negative way. This was merely refreshing the recollection as to what had been said, and was a general principle recognized. It was done in the case of a hostile witness, not as impeaching, but merely as refreshing the memory as to what had been said.

THE PRISONER SWOONS AGAIN AND COURT ADJOURNS.

At this juncture, the prisoner again manifested symptoms of illness, became ghastly pale and had to be supported in her chair by a relative.

Mr. Mitchell, counsel for the defense, brought the fact to the attention of the Court, and asked that inasmuch as the prisoner was entirely unfit to sit in the court room, that the court adjourn for the day, in order that the prisoner might receive medical assistance.

Judge McGuffin said that as the prisoner was evidently unable to remain, it would necessitate an adjournment of the court, as the law required her to be present during the trial of her case. Proclamation was accordingly made and the court adjourned till Monday morning at nine o'clock.

During this proceeding Mrs. Shugart again seemed about to faint, but in a short time, with the aid of stimulants, was somewhat restored, and was assisted, almost carried, from the court room by her relatives.

THE JURY.

At the adjournment of the Court, the jurors were taken into custody by the constable and marched to their headquarters. It being Saturday, and supposing that, in accordance with the usual custom, they might desire to prepare for the coming Sabbath, they were somewhat facetiously informed that as they could not be allowed the attendance of a tonsorial professor, a number of razors would be provided for their accommodation, to assist them in making toilet. They spent the Sabbath quietly, and promenaded through the streets morning, noon and evening, in charge of officers.

INTERVIEW WITH THE PRISONER.

Sunday evening we called at the jail and were permitted to have a conversation with the prisoner. She had been removed from her close cell into the main room of the building, and being unable to sit up was provided with a comfortable cot, through the kindness of Sheriff Storey. She appeared very pale and exhausted, but expressed herself as being somewhat better than on Saturday, and expected to be strong enough to attend Court on Monday, as she was anxious for the trial to proceed. We were informed by the officers of the jail that when she returned from the Court on Saturday she remained unconscious for some time. In response to our inquiries she said she could remember nothing from the time of leaving the court room on Saturday until she awaked to consciousness and found herself lying in the bed several hours afterwards. Saturday morning she ate scarcely anything for breakfast, and, feeling quite sick, took some medicine, in the hope of being revived sufficiently to get through the day, which, however failed to have the desired effect. She conversed quite freely, and during the conversation at times became very much animated. She firmly asserted her innocence, and said if she died she did not fear but that Heaven would be her home. In conversation further she said she knew nothing of the crime of which she was charged. The poison had been bought for the purpose stated by Annie, and what became of it afterwards she did not know. She had lived agreeably with her husband twenty-five years, had raised a large family, and always endeavored to do right with them. She did not know who arrested her, or why she was arrested, until some time after she had been in jail, when the nature of the charge against her was made known. She attributes the whole affair to a family ill-feeling in regard to the settlement of her husband's estate, about which some of her relatives became angry and instituted the proceedings against her. At times she said she feels depressed and discouraged, but has been sustained by her faith in the ultimate success of the right.

She seemed quite pleased to see visitors. She talks English with a German accent, quite observable, but not disagreeable. She came from Germany when she was about nine years of age, and has since, for the most part, been residing in Butler. She is evidently anxious to have her case decided by the law, and in all her conversation seems to anticipate an acquittal.

[From the Pittsburgh Medical News.]

It is Plain.

When we consider that every disease makes its first attack upon the blood, and that every different disorder imparts its own peculiar stamp to the urine, it is plain that we need only know what that peculiar stamp is, to be able to pronounce upon the nature, extent and character of the disorder with undeviating certainty.

We have been in the active practice of this system, at No. 132 Grant street, Pittsburgh, for over twenty years, during which time we have treated more than *sixty thousand cases*, thus including every character and variety of diseases, and can say with Professor Braithwaite, "that we can arrive at a more accurate knowledge respecting the generality of diseases from examining the urine than from any other system;" as also with Dr. Prout, "that whatever may be the disease, the urine seldom fails in furnishing a clue to the principles upon which it is to be treated."

We are well aware, however, that some practitioners are opposed to this system of diagnosis.

This arises entirely from their incomplete investigation of the subject. From these we court an examination of its merits, and promise to render full satisfaction in the discrimination of every case, and prove to every intelligent physician who will make application, that our course is a scientific one.

This we have already done in hundreds of instances, not only with the Students of Medicine at the College, when lecturing, but with the learned Professors of Medical Colleges, and cleverly educated Physicians from nearly all parts of the Union, who have been members of our class at the University, or witnessed our experiments at the office.

One physician says: "it is the most complete system known."

Another says: "I would rather depend upon your diagnosis by the urine, than upon most physicians with the patient at hand."

Another says: "To argue that such investigations are idle, are as absurd as unfortunately they are frequent. But there is, however, one consolation in this matter, which is, that those who are most ready to urge this view, and to decry its utility, are such as are least acquainted with its details."

Suffice it to say, that our daily practice and experience have proven these facts, and we advise all those laboring under chronic affections particularly, to avail themselves of its advantages.

Those living at a distance by sending a vial of urine for examination, can have the necessary medicines sent then.
